EXCLUSIVE ASSOCIATED PRESS REPORT SUNDAY IN COLORADO SPRINGS

NO. 7579. 30TH YEAR. COLORADO SPRINGS, COLO., SATURDAY, NOVEMBER 2, 1901. TWELVE PAGES. PRICE FIVE CENTS

THE TRIAL OF CRUMLEY

For Murder of Sam Strong, Begun in District Court at Cripple Creek.

THE JURY FINALLY COMPLETE

It Took Until 11:30 at Night to Select 12 Men Satisfactory to Both State and Defense.

Special to the Gazette.

Cripple Creek, Nov. 1. The trial of Grant Crumley, charged with the murder of Samuel Strong, commenced this morning in the same building in which Crumley shot and killed the deceased on August 22. The Newport saloon, in which the tragedy occurred, occupies a portion of the ground floor of the district court building. This morning when court opened at 9:30 o'clock there was not a seat vacant in the court room, many ladies among the spectators. An air of suppressed interest was noticeable and this reached its height when promptly at 9:30 o'clock, clerk of the court Grant ordered Mr. Crumley to stand up. The information charging him with the willful murder of Samuel Strong was then read. Mr. Crumley, in a clear voice, said "Not guilty."

The matter of selecting a jury was then commenced. Attorney J. Reid Lowell for the defense and E. C. Stimson for the state rigidly questioning the respective jurymen. The challenges for cause came thick and fast from both the court and the attorneys. Many talismans have been formed and swing into fact and the fact that several jurors objected to capital punishment. No panels were exhausted before the day was finally selected at a late hour this morning.

The court room all during the day was crowded. Seated at the attorneys' table this morning were J. Reid Lowell, Eugene Engley and D. A. Ferguson of Victor, the defendant's attorneys. Directly behind Mr. Crowell was seated Grant Crumley, and a few feet away were his brother and sister, Newton Crumley and Miss Sarah Crumley. Across the table were seated the attorneys for the state, E. C. Stimson, Maurice Finn, A. H. Martin, District Attorney Tawbridge and his deputy, George Cole.

Mrs. Reuben N. Strong, the widow of the deceased, was present during the court proceedings today and tonight, dressed entirely in black, she occupied a seat between her mother, Mrs. John S. Nevills, and William Strong, the brother of the deceased, from Albuquerque. S. M. Mc Strong and Mrs. Nevills were also in mourning. Mrs. Strong was called during the greater portion of the morning session, but her part in the proceedings caused her to be well several times and she finally discarded it. At times during reference to the death of her husband it appeared as if she might break down. C. A. Prentice and Mr. John B. Neville were also present.

At 9:30 o'clock the regular panel of jurors was exhausted, each side having exercised their peremptory right to challenge six times, and six jurymen having been dismissed by the court for cause, Judge Steele, after ordering a special venire of 20, adjourned court until 2 p. m. The court convened at 2:30 p. m. and Hi Wilson was the first of the new panel to be called. Mr. Wilson had been a police officer and had arrived at the Newport saloon a few minutes after the shooting. The questioning of this juror brought statements from both sides. Judge Stimson objected to questions relative to Mr. Wilson's arrival at the scene of the shooting, saying: "The position of Sam Strong's body on the floor of the Newport saloon is a very material point." Attorney Crowell answered by saying: "We will show that the body was moved before this juror got there." Mr. Wilson was excused.

B. F. Bogus, another juror, was excused by the state. He was sharply questioned by Mr. Stimson as to his actions during the recess. During the recess Mr. Bogus was in the Newport saloon, and although the questions did not show that he had disqualified himself, he was excused.

The court adjourned until 7:30 o'clock, at which time the work of selecting a jury was again resumed. At 10 o'clock the special venire was exhausted, 21 jurors having been dismissed for cause, the state having used 14 of its 15 peremptory challenges and the defendants having used the same number. At 10 o'clock the court ordered a special venire of six jurymen. At this announcement a number of prospective jurors left the room, but deputy sheriffs were at hand and served notice upon all that were wanted.

At 11:30 o'clock tonight, after the state had exhausted its 15 peremptory challenges and the defendants had one challenge left, the defense accepted the following jury:

N. Yocum, clerk; C. E. Sterritt, insurance; Charles H. Emery, miner; George Scott, bookkeeper; D. J. Davis, real estate; Charles Sharp, civil engineer; M. M. Baldwin, postmaster at Woodland Park; G. G. Stoddard, a bookkeeper; J. L. Wood, a merchant; John Lehman, a photographer; S. Wilcox, real estate, and R. M. Moore, real estate.

Bailiff Charles Lee was sworn and the jury was turned over to him to be locked up for the night. The jury is composed entirely of married men and is considered satisfactory to both the state and the defendants.

POLICE ADD TO MEMORIAL FUND

Colorado College Tiger Also Takes the Matter Up and a General College Contribution Is Looked For.

The biggest contribution to the McKinley memorial fund received yesterday was from the Policemen's Relief association of Colorado Springs. There are several organizations now on the subscription list for liberal subscriptions and the police decided that they ought to be included in the list of those whose efforts are going to erect a public tribute to the memory of the martyred president. In behalf of the Policemen's Relief association, Chief Vincent King, president, and Sergeant McNew, secretary, yesterday sent $10 to the Gazette to be placed on the list.

The student body of Colorado college has taken the matter up and it is believed that a very representative contribution will be sent in from the college. The general committee in charge of the raising of the fund, in its appeal issued a short time ago, specified churches and universities as institutions from which contributions would be especially appropriate and the committee also made a special appeal to the press of the country. The Colorado College Tiger being in a position to make a appeal both as in behalf of the press and in behalf of the college, has done so and the response is expected to be quite general. This appeal is to consist of 10-cent contributions and the list is now available for subscriptions at Coburn library.

The Tiger announcement of the college subscription is as follows:

"MCKINLEY MEMORIAL FUND.

"It has been suggested to us that a McKinley Memorial Fund be started in the college to supplement that being raised by the town people. We think this is a movement worthy of our support and hence have decided to start such a fund. The tax need not be large, 10 cents per student, we believe is enough and will make it possible for everyone to have a part in it. The list of donors will be kept in the library and the money may be paid to the librarian."

The following additions to the subscription list were received yesterday:

Previously reported	$561.28

EVIDENCE OF A PLOT TO WRECK A TRAIN

By Associated Press.

St. Paul, Minn., Nov. 1. Northern Pacific secret service men are working upon what they believe was a plot to wreck and rob the North Coast limited train two weeks ago near Deer Lodge, Mont. The limited was late reaching that west bound, and it was running at a high rate of speed to regain its schedule. Near Deer Lodge the engineer struck a pile of timbers upon the track. Every coach in the train except the observation car was derailed. Both the engineer and fireman stuck to their posts, applying the air brakes, and the train was stopped within its own length, all the coaches remaining upright.

Evidence has been obtained that the timbers were intentionally placed on the track, and the detectives have succeeded in connecting two men with the plot. No arrests have been made.

ANOTHER DISASTER TO THE BRITISH IS REPORTED

ALL THE NEWS

Fair today, tomorrow colder and partly cloudy with snow flurries in mountain districts.

Silver, 57c; lead, $4.37½; copper, $16.87½.

New York stocks closed inactive and strong with prices at the top level of the day; money on call firm at 3@6%.

Chicago grain dull and slightly lower; provisions dull and lagging.

LOCAL

Republicans will hold a rally at Fountain tonight.

Colorado Springs bank clearings for the past week show an increase of 11.8 per cent over those of last year.

A Cripple Creek telephone exchange has been established at Colorado City.

Santa Fe railroad has given evidence of an intention to put gates at the railroad crossings.

Over twenty dollars was added to the McKinley Memorial fund yesterday as the result of collections from the Policemen's Relief association.

Colorado Independence club enthusiastically indorsed the entire Republican county ticket.

President and Mrs. William F. Slocum will leave for Europe on December 19, to be gone a year.

STATE

After being out for 20 hours the jury in the case of Stumpf et al., charged with ore salting at Cripple Creek, was dismissed, being unable to reach a verdict.

The trial of Grant Crumley, charged with the murder of Sam Strong, was begun at 9:30 a. m. in the district court at Cripple Creek. It was 11:30 p. m. before the jury was completed.

GENERAL

Dun and Bradstreet report that car shortage is hampering business but point out that this unfavorable feature in itself shows the large volume of business on hand.

Bank clearings of the United States for the week ended October 31 are 25 per cent larger than for the corresponding week last year.

Charles Hartzell, of Colorado, the newly appointed secretary of Puerto Rico, has assumed his office.

Eleven deaths have occurred in St. Louis as the result of the administration of diphtheria antitoxin, which was infected with lockjaw germs.

FOREIGN

Balph Paget, British minister to the republics of Central America, has gone to Managua, Nicaragua, to confer with the Nicaraguan government.

The Argentine government has reported to have requested Chile to desist from road making in the Cordilleras and has demanded an official declaration that the road making already accomplished does not constitute a claim by Chile to the territory in dispute; failing this assurance, the Argentine minister, it is said, will be withdrawn from Santiago de Chile.

MINING

The market yesterday showed still more improvement, with the exception of Elkton which declined to 3.38. El Paso sold at 1.10. Isabella, Consolidated Kansas and Gould at 20. Mollie Gibson was lively at 10. Wheeler sold at 11.25.

Attempts are being made in Denver to sell stock in the Hawkeye Gold Mining company, which appears to be a decided fake. The claim is made that the extension of the Independence vein is owned.

Secretary Hill of the Golden Cycle company is authority for the statement that ore has been encountered in a crosscut run at the ninth level to open the Harrison vein.

The lessees on the Rising Star claim of the Central Consolidated company shipped two cars of high grade ore yesterday from a point in the mine where a good show has been developed.

Mr. P. Mc De Le Verne, returning from a visit to camp, states that the strike in the Elkton mine is all that was reported to be.

Two promising strikes have been made on the Rhinoceros claim of the Gould company, one by Riley, who has a good body of $40 ore and one by Tom May who has opened what appears to be the old shoot. Assays between 40 and 50 ounces in gold to the ton are obtained.

AGITATION AGAINST THE UNITED STATES

By Associated Press.

London, Nov. 1. The Spectator, discussing the continued agitation in central Europe against the United States, will say tomorrow:

"There is in fact a real danger, if the Conservative parties on the continent, which include the Agrarians, Clericals and Absolutists and the vast mass of the peasantry, should achieve a temporary triumph, a grand effort will be made to boycott the United States and the Argentine republic as a protection for vital interests threatened by their competition.

"Although the movement will pass, and probably the hatred with it, the common enemies and common interests of England and America will tend to drive all who speak English and sell and buy food freely into a single defensive group."

NAVAJOS WANT TITLE.

By Associated Press.

Washington, Nov. 1.—Commissioner of Indian affairs Jones today gave a hearing to Tut-Chee-Ne-Tead and Dana Yazzie, representing about 200 non-reservation Navajo Indians, who are seeking title to public lands they occupy on the Little Colorado river in Arizona, just below the Moqui reservation. Through Missionary W. R. Johnson, who accompanied them, they asked for about 40 acres of agricultural land for each person. It was explained that the Navajos, although industrious, have been growing poorer for the past four years and soon must be fed by the government unless other relief is given. The matter was taken under advisement.

Lord Kitchener Gives Brief Details of an Engagement in Which Colonel Benson and Other Officers Were Killed.

By Associated Press.

London, Nov. 2. Lord Kitchener has reported to the war office a disaster to the British near Bethel, eastern Transvaal, in which two guns were lost, several officers killed or wounded and 51 men were killed and 160 wounded.

Following is the text of Lord Kitchener's dispatch, dated Pretoria, November 1:

"I have just heard of a severe attack made on the rear guard of Colonel Benson's column when about 20 miles northwest of Bethel, near Broken Langte, during a thick mist.

"The strength of the enemy is reported to have been 1,000. They rushed two guns with the rear guard, but it is uncertain whether they were able to remove them.

"Four casualties were heavy. Colonel Benson was wounded but not seriously. A relieving column will reach him this morning."

Later Lord Kitchener telegraphed as follows:

"Colonel Barter, who marched from the constabulary line yesterday reached Benson's column early this morning (Friday) unopposed. He reports that Colonel Benson died of his wounds.

"The other casualties are the following:

"Killed—Colonel Gunness, Major P. D. Murray, Captains M. W. Lindsay and F. T. Thornhill, Lieutenants E. V. L. Brooks and R. E. Shepherd and Second Lieutenant A. J. Corlett. Died of his wounds—Captain Eyre Lloyd."

Lord Kitchener then gives the names of 10 other officers who were wounded, most of them seriously, and then announces that 51 non-commissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds. The dispatch then says:

"I assume that the two guns have been recovered and the enemy has left with [illegible] tails.

"I deeply regret the loss of Colonel Benson and the other officers and men who fell with him. In Benson the service loses a most gallant and capable officer who invariably led his column with marked success and judgment.

"The fighting was at very close quarters and maintained with determination by both sides. The enemy suffered heavily but I have not yet received a reliable estimate.

"The Boers retired east.

Colonel Benson had been for some time operating in the vicinity of Bethel which is northeast of Standerton. He surprised a Boer laager October 27 near Trichardsfontein, taking 37 prisoners. Three days later, according to Lord Kitchener's report, at the time, after a long night march, the commandoes under Grobelaar and Erasmus heavily attacked Benson's rear guard and flanks at Yzlrvarkfontein but were easily driven away.

Whether this was the attack which resulted so disastrously or whether the Boers who had been repulsed took advantage of the mist to attack is unexplained. Lord Kitchener does not give the date of the Bethel engagement.

BOERS DEFER ACTION ON ADOPTION OF REPRISALS

By Associated Press.

Amsterdam, Nov. 1. The Boer deputation here summoned Messrs. Leyds and Van Boeschoten by telegraph yesterday from Brussels to consider dispatches received from the Boer leaders in the field, saying that the fighting burghers were determined to make reprisals if the British continue hanging and shooting rebels, and others to the effect that the Boer authorities in South Africa affirm that the adoption of reprisals would be bad policy and that in order to strengthen their position they require Mr. Krueger to let them know his opinion, as he still has the greatest hold on the minds of the burghers. The meeting lasted four hours, and it was decided to advise Mr. Krueger to comply with the request of the Boer authorities and to take the opportunity to bring the subject of British executions in South Africa before the European public in an open letter.

Dr. Leyds has gone to Hilversum to present the matter to Mr. Krueger.

AN INCREASING INTEREST IN POLITICS IN CUBA

By Associated Press.

Havana, Nov. 1. The manifesto of General Bartolome Masso, in declaring himself a candidate for the presidency of Cuba, has caused a stir in political circles. It is generally admitted that he will prove a strong candidate if he receives the support of the autonomist party. El Dario de la Marina, the organ of the autonomist party, commends the manifesto.

"It is not the red hot bombshell predicted," says the paper, "but a conservative and well ordered pronouncement. The idea of evolving gradually into independence under the Platt amendment is the view the autonomists take. General Masso's plan that the payment of the army should be the first obligation of the republic is a political move and has no alarming significance, especially when we take into consideration the conservatism that is evident throughout the manifesto."

La Discussion ridicules General Masso's candidacy and criticises his bid for the autonomist and anexo vote.

La Lucha, sounding a note of warning for the men surrounding Senor Palma, says:

"Unless something is done immediately to unite the Cubans the fierce political struggle that is inevitable with General Masso in the field must result in a disturbance of the moral peace of the island. The official element backing Senor Palma lacks tact, prudence and has no other object than to hold on to the present offices."

Boards of inscription were elected today whose duties will be to register voters for the coming election.

THE LAST NEW WITNESS IN THE SCHLEY COURT

By Associated Press.

Washington, Nov. 1. The hands of the eliminated antique time-piece which stands against the wall in the hall occupied by the Schley court of inquiry pointed to 12:45 o'clock today when Judge Advocate Lemly announced that he had no more witnesses to call and Mr. Rayner said that no witnesses would be summoned on behalf of Admiral Schley in sur-rebuttal. For a moment it appeared as if the now famous case was about to reach a sudden conclusion. But this delusion was soon dissipated by the announcement on the part of Captain Lemly that he might ask to be allowed to bring in one more witness on Monday and also a statement from Mr. Rayner that Admiral Schley himself would desire to return to the stand on Monday to correct the errors in his evidence as officially reported.

There is probability that the admiral will consume considerable time in going over the printed record of what he said, and there is also an understanding that he will make some additions to his former statements. But it is not believed that beyond what he may have to say there will be much more testimony taken in the case. The only witness that the judge advocate still has in mind is Lieutenant Strauss, and Captain Lemly said today that if the lieutenant's attendance could be secured he would detain the court for a short time only. Captain Sigsbee also will return to the stand Monday to make corrections in the testimony given yesterday by him. These details completed, the argument of counsel will begin and then counsel and the public will withdraw and leave the court to its deliberations. The task before the court is not a light one, and it may be weeks before the final verdict will be reported.

Today's witnesses were Mr. Sylvester Scovel, a former newspaper correspondent, who saw service in the Cuban campaign; Lieut. Hood, who commanded the Hawk during the Spanish war, and also a number of officers who were heard yesterday and who returned to the stand to correct testimony. The court held only one session and adjourned over until Monday.

The attendance in court today was the smallest since the sessions began. Comparatively few of the reserved seats were occupied at the beginning of today's sitting and Lieutenant Crawford, Admiral Dewey's private secretary, who has handled the distribution of tickets with rare tact, invited those present to the front when he discovered that the seats would not be claimed by ticket holders, thus giving the court an audience and at the same time affording the chance visitors a good opportunity to hear the proceedings.

MISS HECKER DEFEATED.

By Associated Press.

New York, Nov. 1.—The tie between the Essex county and Baltusrol golfers for the class A team championship of the Women's Metropolitan Golf association was played today on the Morris county links and resulted in a decisive victory for the Baltusrol representatives. Not one of the Essex county players was her match, the score, which was compiled on the Nassau system, being 9 points to 0, in favor of the Baltusrol team. Miss Genevieve Hecker, who was defeated yesterday in the Inter-City match by Mrs. Caleb F. Fox of Philadelphia, was beaten again today, this time by Mrs. E. A. Maples, who was the leader of the Baltusrol team of four.

The other three matches were not contested, but the Baltusrol women proved too much for their opponents.

SECRETARY HARTZELL ASSUMED OFFICE

By Associated Press.

San Juan de Puerto Rico, Nov. 1.—Charles Hartzell of Colorado, the newly appointed secretary of Puerto Rico, arrived here yesterday evening. After an all-day consultation with Governor Hunt and the cabinet Mr. Hartzell immediately assumed office. He will become acting governor Monday, when the governor will start on a week's trip into the interior.

COLORADO MANUFACTURES

Washington, Nov. 1. The census bureau statistics of manufactures of Colorado show a capital of $87,520,412 invested in manufactures and mechanical industries; establishments 2,550, wage earners 24,725, value of products $102,566,145.

This is an increase of over 125 per cent in capital and 142 per cent in value of products since 1880.

PLAGUE IN BRITISH PORTS ABATING

By Associated Press.

Washington, Nov. 1. A cablegram received at the state department today from United States Consul Bahl at Liverpool said that up to 12 o'clock noon there had been no new traces of bubonic plague in that port.

By Associated Press.

Glasgow, Nov. 1. No additional cases of the plague had been officially reported up to a late hour tonight.

Two hundred employes of the central station hotel are confined to the hotel precincts for observation.

By Associated Press.

Liverpool, Nov. 1. Three cases of bubonic plague in hospitals here are now doing well and no fresh cases have been officially reported.

James Boyle, United States consul, conferred today with representatives of the American lines regarding extra precautions, particularly in connection with emigrants. He also asked the railway companies to have emigrant [illegible]

R. G. DUN & CO.'S REVIEW

By Associated Press.

New York, Nov. 1. R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Although the latest railway returns indicate that transporting facilities have greatly improved the nation's business has expanded more rapidly. Car shortage is in fact become the chief retarding influence. From all sections of the country and many lines of industry complaints are heard respecting the inability to move goods. Probably the delay has been most aggravated in the case of coal, unseasonable high temperature alone preventing serious inconvenience. Not only are domestic requirements enormous, but coal is becoming an important article of export, partly owing to labor controversies in France and Great Britain and also to the British export tax. Mild weather affects retail distribution to a very marked degree, orders for heavy weight goods being cancelled in some cases where manufacturers were behind with deliveries. That the volume of legitimate business is not being curtailed is evidenced by the increase of bank exchanges in New York of 6.8 per cent over last year and 7.2 per cent over the same period in 1899. In 10 other leading cities the increase is striking, 20.36 per cent over 1900, and 9.5 over 1899.

Not only are steel mills many months behind orders and prompt deliveries commanding premiums, but even where goods are ready for customers it is often impossible to ship because of blockade at railway facilities. Structural material is eagerly sought and mild weather prolongs the season for buying pipe. Steel rail orders increase and the fancy prices asked for billets have brought imports from Germany, where industrial depression makes it possible to sell at very low figures. Domestic quotations do not alter though list figures are not considered on deliveries before the year's end. Copper is artificially sustained by closing mines.

Footwear manufacturers have made a general advance in prices, restoring the figures of early spring. It is obvious that the average rise of 2½ cents does not cover the enhanced cost of material yet new orders have been extraordinary since the change as jobbers are resisting the natural tendency. Textile markets are well sustained. Woolen mills have ample orders and large quantities of raw material, holding wool prices firm. Cotton goods are in brisk request with no evidence of excessive stocks. Wise counsel has thus far prevailed at Fall River, though the labor leaders are closely divided.

Irregularity prevailed in the markets for staples. Speculators secured a distinct decline from 6c, unusually high position recently attained by pork products, while at the same time corn made a further advance. Business failing reports were held responsible for the rise in the cereal and there was a natural falling off in exports. Wheat came to market more freely, arrivals at western cities amounting to 7,060,500 bushels.

A further fall put cotton $3 a bale lower than it was three weeks ago.

Lord Kitchener has reported to the war office a disaster to the British near Bethel, eastern Transvaal, in which two guns were lost, several officers killed or wounded and 51 men killed, and 160 wounded.

FORTY MORE NAVY SHIPS

Extensive Recommendation by the Board of Naval Construction.

THE BOARD'S COMPLETE PLAN

Includes Three Sea-going Battleships, Two Armored Cruisers and Eighteen Gunboats.

By Associated Press.

Washington, Nov. 1. Over and above the four war ships for which congress directed him to secure plans last session, Secretary Long has before him the recommendations of the board of naval construction looking to authorization by congress of the building of 40 more vessels of classes from battleships down to tugboats. The plans for the two armored cruisers and two battleships projected by congress last session already have been prepared and look to the construction of 16,000-ton battleships and cruisers additional to those which the construction board proposed probably will be of the same general outline and general type. The board's complete plan is:

Three sea-going battleships of about 16,000-tons displacement, two armored cruisers of about 14,500-tons displacement, six gunboats of about 12,000-tons, six gunboats of about 500-tons, six gunboats of about 200-tons, two colliers of about 15,000-tons, one repair ship of about 7,500-tons, six training ships of about 2,000-tons, four picket boats of about 650-tons, four tug boats.

While the above appears to be a startling amount of naval construction to recommend to congress, it is stated that it is after all merely a repetition of the program submitted to that body through Secretary Long by the construction board last year and is even smaller than the aggregate tonnage proposed to be authorized by the general board.

Advocates of the recommendations are not the steps necessary to be taken to carry out the general policy of providing the United States with a modern navy of sufficient strength and made of harmonious units. This policy was thought out carefully by the boards and if it is carried out as is proposed would be very much more effective than the more numerous navies of several of the European states.

CENSUS STATISTICS ON SCHOOL AND VOTING AGES

By Associated Press.

Washington, Nov. 1. The census report on school, military and voting ages for all states and territories shows the following summary for the country as a whole:

Persons of school age, 5 to 20 years, 26,110,888, of whom 24,897,130 are native-born, 22,499,211 are white and 13,606,167 are males; males of military age, 16, 560,363, of whom 12,122,280 are native-born and 14,495,396 are white, and males of voting age 21,308,819, of whom 16,227,285 are native-born and 19,036,143 are whites.

Of the total number of males 21 years of age and over, 2,978,676 are illiterate. Of the 16,227,285 native born males 21 years of age and over 1,706,292 are illiterate and of the 5,102,531 foreign born, 620,402 are illiterate. Native white males of voting age who are of foreign parentage show a relative increase in their proportion since 1890, while colored males of voting age have increased throughout the northern and western sections with a few exceptions like California, where there has been a large decrease in the Chinese population. In many southern states, especially Virginia, North Carolina, South Carolina and Louisiana, the colored element of voting age shows a decreased proportion. Foreign white males of voting age show an increased proportion in all New England states except Vermont. There has been a relative decrease in all of the middle states and territories except New Jersey. A little over 28 per cent of the entire alien population of the country is illiterate. This is notably so in Louisiana, where they constitute nearly one-half of the aliens. The statistics show that the average number of persons to each qualified voter will range from 2.1 to 3.5 in the north Atlantic states, 3.4 to 3.6 in the south central states, 4 to 4.4 persons to each potential voter in the south central states, from 3.4 to 4.7 in the south Atlantic states, from 2.4 to 4.1 in the western states and 1.7 to 1.9 in Alaska and Hawaii.

DIPTHERIA ANTITOXIN CAUSED ELEVEN DEATHS

By Associated Press.

St. Louis, Nov. 1. The list of deaths attributed to lockjaw as the result of the administration of diphtheria antitoxin made by the city chemist now numbers 11, two new deaths being reported today. Eleven other children are reported to the health department as suffering from lockjaw with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria antitoxin. As a result of the charges the health department has begun the free distribution of tetanus antitoxin. It is designed to inject the serum into the blood of diphtheria patients who have been innoculated with the tetanus infected serum and thus exposed to lockjaw.

The health department has announced that no more diphtheria antitoxin will be made by the city of St. Louis. The investigation ordered by the city coroner to determine positively the cause of the deaths of the eight children who are alleged to have died of lockjaw following the administration of the city's antitoxin is being pushed and it is thought its object will be accomplished in a few days. Drs. Bolton, Fisch and Waldron, three of the most experienced bacteriologists in St. Louis, are making tests with the antitoxin and with serum taken from the spinal columns of the dead children.

Dr. Havold, city bacteriologist, who made the antitoxin complained of from serum taken from a horse which developed tetanus on October 1 and was shot, declares that if the animal's system contained tetanus bacilli on August 24, when the last serum was taken from it, it will be impossible to detect it by an inspection of the horse.

At the Baptist hospital an investigation has convinced Drs. A. B. Nicholls, R. C. Harris and C. C. Morse that the presence of tetanus germs in the city antitoxin is indisputable. A guinea pig innoculated with the antitoxin Wednesday developed symptoms of lockjaw Thursday morning and died today.

CABINET DISCUSSED RECESS APPOINTMENTS

By Associated Press.

Washington, Nov. 1. The cabinet meeting today was devoted largely to the consideration of the recess appointments which the president must send to congress when it convenes next month. The president is going carefully over these appointments with the members of his cabinet. Secretary Gage reported his action in resuming the purchase of bonds which was responded to today with an offer of over $900,000. No announcement was made as to the length of time the purchase is to continue.

The cabinet also discussed the abrogation of the so-called Browning Indian school ruling, but no further action was taken. Secretary Hitchcock explained the situation and says that if that abrogation proves to be a disadvantage to the Indian children or detrimental to their best interests he would recall it and re-establish the Browning ruling, which was made on September 20, 1896, and directed that Indian agents first should build up and maintain the government day schools and declared that Indian parents have no right to designate which school their children shall attend.

"If, in public case, however," according to this ruling, "where the agents think it advisable to follow the wishes of the parents, that is left entirely to your own good judgment."

The abrogation of the ruling already has caused numerous inquiries of the interior department. The bureau of Catholic missions has been fighting for the abrogation ever since the ruling was made, and last July called attention of the department to its non-action and to the fact that Secretary Hitchcock when on the Pacific coast trip with the president and cabinet last summer had telegraphed Assistant Secretary Ryan to give Archbishop Ireland assurances that the ruling would be rescinded and that Mr. Ryan wired the archbishop accordingly. Commissioner of Indian Affairs Jones has strenuously opposed the abrogation, but finally, after a full discussion with Secretary Hitchcock, agreed to abrogate it tentatively, with the distinct understanding that it could be re-established if found to be in the Indians' best interests and if the action was in accordance with the wishes and directions of the secretary.

FRENCH SQUADRON DID NOT RETURN TO TOULON

By Associated Press.

Paris, Nov. 1. The dispatch from Toulon announcing the return of Admiral Caillard's division of the French Mediterranean squadron to that port, proves to be incorrect. The officials of the foreign office today informed the Associated Press that the admiral has not returned and that the facts set forth in these dispatches yesterday were correct. The admiral is now on his way to Turkish waters.

The incorrect announcement from Toulon of the return of Admiral Caillard's division, which created a great sensation, emanated from the correspondent of a well-known news agency. The explanation is that Admiral Malaret, commander of the Mediterranean fleet, returned to Toulon at 7 o'clock yesterday evening with all his vessels except those belonging to Admiral Caillard's division. The correspondent of the news agency referred to miscounted the vessels, owing to the darkness.

A corrected list of Admiral Caillard's ships is now published. The list cabled yesterday was that of his ordinary light division, but it appears that a special squadron was formed, composed of the battleships, Gaulois, and Charlemagne, the cruisers Admiral Pothuau, Chanzy and Galilee, and two torpedo boat destroyers of the Hallebarde type.

Hoffman House Row Netted $30 and Costs

The row in the Hoffman house saloon Thursday night was aired in police court before Judge Bates yesterday morning. How it got into police court and to tell us the officers of Colorado City did not seem to know anything about the row Thursday night, but the matter had not been reported at police headquarters over here a few hours after it occurred.

Jon Haines, A. Schuman and Mike Callahan were before the bar of justice Callahan was the man who was hurt in the mix-up. According to the evidence it was an ordinary disturbance case, although it is said to have had some political coloring. Haines and Schuman were found guilty of disturbance and each was fined $25 and costs. Callahan was discharged and the incident is closed.

The story of the row seems to be that Haines and Schuman tried to throw Callahan out of the saloon and that in the scuffle Haines revolver went off. This is about all that can be learned of the affair.

"Hello" Station Has Been Opened Here

Is this Colorado City, Colorado Springs or West Colorado Springs? Which is the way it will have to be answered if you want to talk to Colorado City or West Colorado Springs. The Colorado City or "West" branch of the Colorado Springs telephone system has been inaugurated.

The new telephone exchange now being put in the Davis block on Fifth street in the heart of Colorado City and West Colorado Springs will be connected with the central although they will still be under the general Colorado Springs system. The Colorado Springs central will be known as "Main" and the Colorado City central will go as "West." The changes are made to simplify the work. The operators will be on duty at the central by a paper knife on Thursday. The change was very painful and will cause Mr. Snyder much inconvenience.

THE A. O. P.—A local lodge of the Ancient Order of Protection has been organized with a membership of 150. Following are the officers of the new society: Judge Bates, commander; William Benedict, past commander; H. McNider, vice commander; Mrs. Cora Soul, chaplain; Mrs. Georgia Shawhew, secretary; Mrs. Ada Johnson, pilot; Mrs. Alice Jordan, captain; W. Nostrum, outer guard; Mrs. Benedict, inner guard; Mrs. M. K. Rankin, treasurer. The next meeting will be held in Wagcett hall on Thursday.

TO KANSAS CITY—Mr. J. O. Matts of this city, has gone to Kansas City to accept the position of assistant superintendent of the public schools there.

BOUND OVER—J. C. Hoover, who is charged with having twice mortgaged property contrary to the state law, was bound over to the district court for trial. His bond was placed at $500.

MODERN WOODMEN—The Modern Woodmen of America will meet on alternate Thursdays in A. O. U. W. hall hereafter.

WOMAN'S GUILD—The Woman's Guild of the Church of the Good Shepherd will meet with Mrs. Johnson at 3 o'clock Monday afternoon.

REDMEN'S BALL WAS A GREAT SUCCESS

The Redmen's ball at Temple theater Thursday night was one of the big events of Halloween night. There was an attendance of probably 500 and the merry dance continued until daylight commenced to peep over the eastern horizon. But it was Halloween night and the lateness of the dance may be excused on that account.

The ball was conducted very properly and reflected great credit upon the order under whose auspices it was given. The music was furnished by the Midland orchestra under the direction of Prof. Irvine and it was of the best order. It would have tempted one of strict scruples against dancing to waltz to the inspiring strains.

The committees in charge of the big event were as follows: On arrangements, Messrs. W. T. Davidson, W. S. Austin, J. A. Hill, R. L. Bradley and H. M. Andrew; on reception, John Jack, Douglas Wesley, J. T. Muir, H. F. McKoby and W. G. Dean; on floor, W. T. Davidson, W. S. Austin, J. A. McKay, Joseph Hildrich, James Lynes, William Byrnes, John Ridgway, W. B. McNeill and T. C. Anderson. W. W. Hage was master of ceremonies and conducted the affair in a masterly way.

Two gold medals were awarded, one for the most elaborate costume, which was awarded to Miss Pearl Petrie, and one for the most unique costume which went to Charley Landron. The ball was a financial success as well as a social triumph.

SELF DENIAL NETTED A HANDSOME SUM

The second annual "Week of Self Denial" of the Epworth league of the First M. E. church was closed Thursday night, when a Hallowe'en social was given in the church.

A very large number of the young people and their friends gathered to enjoy the occasion and to learn the results of the self-denial. Little sacks were sent out with tags attached, numbered consecutively from 1 to 416, each number corresponding to a number on a large blackboard on the wall. All amounts were posted opposite their numbers, no names being used. One hundred and forty sacks turned in last evening represent $30. Many sacks were reported but not turned in and when all are in the two hundred or more sacks will represent a total of about $125.00.

The finance department, of which Mr. A. E. Maunder is treasurer, has worked hard to make the self-denial effort a success, and with the social department, who provided the entertainment in real old-fashioned Hallowe'en style, furnishing "mother's pumpkin pies and apples for refreshment, have brought the week to a close with splendid results.

About 250 people were present and enjoyed the program. The financial results will be divided about in the following proportions: One-half to the league treasury, one-quarter to the missionary department and one-quarter to the intermediate league.

The amount exceeds last year's report off night of social by $35.

WOMAN'S UNION HELD A GENERAL MEETING

A general meeting of the Woman's union of the First Congregational church was held yesterday afternoon in the church at 2 o'clock. The following musical and literary program was given: Piano Numbers "Ab den Fruhling" (In the Spring); "Schmetterling" (The Butterfly), by Mrs. Faust.

Browning's "Abt Vogler," a paper by Miss McDonald, the well-known lecturer.

Piano Number, Solero, Op. 19, Chopin, Mrs. Faust.

Tea was served.

A. O. F. ADOPTS A POLICY OF EXPANSION

The Ancient Order of Foresters was held last night, there being 10 candidates initiated and 40 applications acted upon. It is the intention of this court to occupy one of the largest halls in the city, and will have a uniform rank the same as have Denver and Pueblo. The uniforms are very handsome and when in parade will do credit to this city.

A new court is being established in Colorado City with a large charter list. Will Trenhaft, the deputy high chief ranger, intends prolonging his visit for the upbuilding of the order and to put the degree team and uniform rank in operation.

OSBORNE COMPANY BEGINS BUSINESS

The H. D. Osborne Cigar company, recently incorporated under the state laws with a capital stock of $10,000, yesterday formally succeeded to the business of H. D. Osborne and company. The company occupies the old quarters in the El Paso Bank block.

The officers of the new company are H. D. Osborne, president and general manager; H. Frank Osborne, vice president, and H. F. Hinz, secretary. The company succeeds to a well established wholesale and retail tobacco business. The store in the El Paso Bank building is splendidly equipped and stocked.

Helen Pitman.

Piano Solo—"Forest Roses" .....
..... Theodore Oesten
Caroline Allen.

Duet—"The Merry Skater" ..... Zitterbart
Caroline Allen and Louie Utchols.

BRIEF CITY ITEMS

PRINTERS HAD GOOD TIME—Superintendent and Mrs. Deacon of the Printers' home, arranged an evening of much pleasure for the members of the home on Halloween night. All day antics and pranks for which the day is celebrated were in vogue at the home. A number of games of skill were played, prizes being awarded to Peter O'Donnell, M. Symmons and George McLaughlin.

LOST TWO FINGERS—Clyde Seizer, a brakeman on the Short Line, is suffering from an unfortunate accident in the loss of parts of two fingers. The accident happened near Summit while Mr. Seizer was coupling two freight cars. He resides in this city at 22 West Fountain street.

SECURE PENSION—General Linus E. Sherman was instrumental in securing a pension for Mrs. Jeremiah Williams of South Tejon street. The pension is $6 per month and begins with May, 1900.

MAD HORSE—Officers Hughes and Thomas discovered a mad horse running about on the west side at about noon yesterday, and after considerable skirmishing with the animal drove him down to the city pound. Dr. Fenton, the veterinarian, was summoned and after examining the horse decided that it had been bitten by a snake. He is now treating the animal and hopes to restore him to normal condition before long.

PAID THE FINE—Mrs. Guthrie, who was fined $10 and costs recently for violating the dog tax ordinance, appeared yesterday and paid the fine, much to the surprise of Judge Boatright and the police. She had not been heard from since the fine was imposed, which was over a week ago. Yesterday she gave no explanation, but walked in, put down the $13.05, and walked out with much dignity.

BISHOP WILL PREACH—Right Rev. W. A. Leonard, D. D., bishop of Ohio, will officiate at holy communion at St. Stephen's church at 11 o'clock Sunday morning. Bishop Leonard will also preach the sermon. He is stopping here on his way home from the Episcopal Triennial, at San Francisco.

POLLING PLACES—The county commissioners yesterday decided upon polling places for the remaining two of the Colorado Springs precincts as follows: Precinct No. 28, Manitou rock; precinct No. 30, DeWitt's store, Del Norte street, west of Wood avenue.

SALVATION ARMY—Major and Mrs. Pebbles will conduct the services at the Salvation Army hall on South Cascade avenue tonight and all day tomorrow.

NORDRACH FARM

The Nordrach Farm, a hospital institution, where treatment will be rendered according to the theories advanced by Dr. Nordrach, a famous German tuberculosis specialist and a scientist of much note, was opened up yesterday and already has four patients. Dr. J. E. White is the promoter of this scheme here, and he is also the consulting physician of the farm. Mrs. M. E. Harper is the personal director of the institution, and Dr. A. J. Crane is the resident physician. The treatment consists in out-door living and sleeping. Tents have been provided at the ranch for the accommodation of the patients. There is also a trained nurse at the place.

CRIPPLE CREEK EXCURSION, SATURDAY, NOV. 2, 1901, VIA COLO. MIDLAND RY. $2.50 ROUND TRIP $2.50.

Excursion train leaves Santa Fe depot 2:50 p. m. Good returning on all trains of that day.

Colo. Midland Ry.

FOOTBALL WAR IN STATU QUO

Nothing Doing in Regard to Professionalism---Officials Now the Bone of Contention.

Colorado college and the State university occupy the center of the stage in the football world of Colorado at present. Boulder has protested four Colorado college men; Colorado college has protested three Boulder men; the two institutions cannot agree on officials; and the big game between them occurs next Tuesday.

Acting Manager Thayer, of the State university football team, is quoted as saying that his school does not expect to be able to prove charges of professionalism against Packard, Mead and Fuller of the Colorado college team but thinks there is some foundation for a charge against Brown. The charges against Packard, Fuller and Mead are based solely on rumor, it is admitted by Mr. Thayer, while there is circumstantial evidence against Brown in Thayer's opinion. Brown, it is said, offered his services to Boulder and to the D. A. C. for a cash consideration. Boulder refused to pay him, according to the story, and he, it is said, threatened to come to Colorado college. Brown did come to Colorado college and is playing on her football team. Quite in the mind of the board of control of Boulder athletics for Thayer says it was the board and not he that protested the four Colorado college men. Proof positive that Brown is being paid for playing, Brown still stoutly declares that he is being paid for playing on the Colorado college team or ever received a cent or other consideration for playing on any athletic team. Brown asserts that he is an amateur pure and simple and he defies Boulder to prove him a professional.

When the secretary of the state association sends down formal notice of the protest the four men protested, together with an official of the athletic association will forward to Denver affidavits of nonprofessionalism. Boulder's manager says that is all that is necessary. A protest that does not go further than that is a mere farce.

The college has protested Ralph Glaze, John Glaze and Foote of the Boulder team. By doing so the college protects her own team.

As usual, the two institutions are in a controversy over the officials for Tuesday's game. Colorado college suggested Abernathey and Potter, of Colorado Springs, Bardwell of Denver, Dudley of Golden, and Lister of Greeley. Boulder refused to accept any one of these men. Boulder in turn suggested Conway and Risley of Denver, and Stevens of Littleton. The college accepted Stearns but when Boulder refused to accept any of the men suggested by the college that institution withdrew its acceptance of Stearns. Boulder's objection to Abernathey, it is said, is that he lives in Colorado Springs. The college does not think that objection is worth consideration as Abernathey has long had a reputation for being the strictest and fairest official in the state. He has officiated at nearly all the big games of the past four or five years and has always been satisfactory to Boulder before. He has refereed the past four annual games between Colorado college and Boulder and therefore has been one of the few officials upon whom the two institutions could agree. Golden has always accepted him for an official and has made a special effort to get him for the game.

From these preliminary skirmishes it is to be taken for granted that the election day game will be one of the most hotly contested games ever played in the state.

Packard May Do Princeton Kicking

The Colorado college team will not do much heavy work from now on. Ewing is anxious to get the men into physical condition for the big Boulder game. The team is sadly bunged up and one or two men will probably be out of the game on election day.

Jonson's leg does not get any better and it looks as though he will not be able to do any of the kicking in the Boulder game. The present arrangement is to put Lennox at Jonson's half and play Jonson at Lennox's end. Packard will do the Princeton kicking with Lennox holding the ball. Packard is in fair form and if Lennox can handle the ball their work properly the college's strong feature will still threaten Boulder's goal. Packard kicked three in succession from the 45-yard line yesterday. He can kick longer distances than Jonson can, but the old combination of Packard holding and Jonson kicking is surer than the present combination. If Jonson gets well the formation will be as usual.

Mead is still out of the game with his bad side. He is trying to get in shape for Tuesday's game and hopes to be able to play. If he cannot, either Ikeil or Williams will play his end. Brown is slowly getting into shape. Hiteley will be able to play. Buffington is in good shape. Roberts is running into form again and the line as a whole will be fairly strong.

A big excursion crowd is now assured for the Boulder game. Nearly every man in college is going up and a great many townspeople will see the game. The excursion rate is $3 for the round trip. A big enough crowd has been secured to get a special train and it will leave this city at 8 o'clock Tuesday morning, returning at 10 o'clock that night.

At Denver today occurs the big D. A. C.-Washburn game. It has attracted attention all over the state and a big crowd will see it. A number of Colorado Springs enthusiasts are going up. Manager Parvin and Coach Cavanaugh of the D. A. C. express themselves as being doubtful about the game, but it is learned from private sources in this city that Washburn is not as strong as usual. The D. A. C. is the favorite in the betting.

HIGH SCOOOL GAME FOR ELECTION DAY

The football game in this city on election day is between the Colorado Springs High school and the Golden High school. That it will be a good game is generally believed. That the local High school will play a good game is well known.

The Golden team is about the same weight as the local aggregation. Golden has played several games with Denver High school teams and has shown up well. The local High school has not yet lined up against a team in its class and this game may give a hint as to the outcome of the High school series on.

Captain Randolph has a fine little team. It is well trained and in good physical condition. Its team work is better than that of the college men and the boys play with a never-say-die spirit that is good to see.

The High school hopes to see a big crowd out on Tuesday and it is safe to say that all the football enthusiasts who do not go to Boulder on that day will attend this game. It will be a game worth seeing.

NEWS NOTES FROM DENVER

Good Journalism Appreciated by State Officials---Closing Campaign Meetings.

Denver Bureau
Colorado Springs Gazette.

Denver, Nov. 1. Among the articles of incorporation filed with the secretary of state today were the papers of the Butterfly Mining company of Cripple Creek. It will have a capitalization of $10,000 and will be managed by Lewis T. Lewis and Dean M. Rodwell.

Assistant Attorney General Stephen L. Roberts, in discussing the history of the state, officials today, took occasion to say: "Take it as a whole the state officials have received fairer and better treatment at the hands of the Colorado Springs Gazette than has been accorded us by any other publication in the state. In all the circumstances in the matter of home expenses and the official disbursement of our duties, it has published the exact facts and allowed the people to be the judges. This position on the part of a paper that is editorially against us is something to be appreciated at its true value of journalism."

The $5,000 that was appropriated by

[illegible] fund the water right suit of Kansas attorneys employed. [illegible] has been paid to the attorneys employed. The appropriation by the state of Kansas to prosecute its suit, as it appropriated $20,000. No doubt when the character of the case is more fully known, Colorado will appropriate a large sum to defend its rights.

Dr. C. H. Lyman, the physician who prescribed the medicine for the deceased Kinshaw child of Idaho Springs, has made an affidavit to the effect that the child's death was in no way due to a wrongly written prescription. He claims that the prescription was all right and places the blame on some member or clerk of the Ross Drug Co., where the prescription was filled.

Secretary Whitehead of the humane society has almost completed a collection of evidence for his test case in regard to coursing. It is said that the will begin suit against two of the most prominent people of the city some time next week. The course was pulled off last Sunday on the prairie east of the city park.

The adjutant general is getting ready to inspect the army headquarters of the national guards. The inspection will include the inspection of other buildings for headquarters where rents are cheaper. The money thus saved will be expended in securing better equipment for field service.

The Republicans of the county held a mass meeting at Coliseum hall tonight. It was addressed by local leaders on local questions and was well attended. The Democrats will close their campaign tomorrow night with a mass meeting at the same building, which will be addressed by William J. Bryan.

The local committee that has in charges the tenth triennial international Sunday school convention which meets in Denver June 20 of next year has already begun the work of preparing for the convention. This assembly will be one of the largest and most important gatherings ever held in the west. Every state in the United States is entitled to four delegates for every representative it has in the national government at Washington and the other countries will have equal representation. The local committee will raise a fund of $5,000 with which to defray the expenses. One of the most important features that will come before the body will be the employment of a new lesson committee which will have charge of rearranging another series of lessons for the Sunday schools.

A meeting of the Colorado Humane society last night, a resolution was adopted asking the [illegible] general assembly to pass a law prohibiting [illegible] wings on women's hats.

The board of county commissioners of Arapahoe county this morning fixed the tax levy at 28 mills on the dollar. This is the lowest levy that has been assessed in the county for a long time but it is accounted for from the fact that the valuation of the county is very much higher.

Thomas Lapham was tried in the county court house this morning. He was prosecuting a case with a friend in the outside room of the county commissioners' office and had his pocketbook containing some money and papers on the counter by his elbow while he was [illegible] for some documents. When he turned to pick up his pocketbook it was gone. Search was instituted but revealed nothing. The court house at the time was filled with politicians who are interested in the coming election, and the supposition is that a wolf in sheep's clothing got among the flock and made off with the money.

The contract for grading South Broadway was let this morning to the Hugh Murphy Construction company for $10,655.75.

One of the worst criminal cases that has come to the attention of the police department in years has just been made public. The victim is 10-year-old May Kurtzig, 2022 Stout street. Some time during Tuesday night she was carried from her room to a place about 20 feet back of the house and assaulted. She was then carried back and placed in bed. She does not know anything about it and the supposition is that she was chloroformed. Jacob Birts, a teamster who occupies a room in a barn on the rear of the lot, has been arrested, but as yet, nothing tangible in criminating has been proved against him. The police [illegible] on the case. Evans kept quiet until this morning in order to if possible to collect more evidence. The child is in a critical condition.

J. M. Hoobert, who was recently appointed manager of the Rio Grande railroad, assumed his duties this morning. He was at the office at 8:30 and worked all day. He will leave for a tour of inspection of the road in a few days. It has been announced that no changes will be made among the employes at the present time.

CRIPPLE CREEK NEWS NOTES

Jury in Salting Case Disagreed--Death of Mrs. Armstrong of Cameron.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, Nov. 1. After having been out of the jury box for 50 hours, the jury in the case of the People vs. N. A. Stumpf, et al, charged with operating a salting, was tonight dismissed, being unable to reach a verdict. It took six days to try the case. Foreman Ellsberry reported to the court that there was no prospect of an agreement. It is reliably stated that the jury stood 10 to 2 for conviction.

Mrs. Laura Armstrong, 56 years of age, the wife of the postmaster at Cameron, died this morning about 6 o'clock supposedly from apoplexy. The deceased was stricken on a Sunday morning and from that time until her death she was unconscious. Dr. Gibbs of Cameron, Dr. Driscoll of Goldfield and Dr. St. Clair of Altman held a post mortem examination over the remains this afternoon, but their findings have not been made public. Besides her husband, the deceased leaves three daughters and one son. The funeral services will be held at the residence tomorrow at 10 o'clock.

David Crandall, a 15-year-old boy was today found guilty of truancy in the county court and was sentenced to the reform school by Judge Seeds to remain until he is [illegible] of age.

Among the deeds filed for record today were the following: S. Nisson to Edward Manion, lot 5, block 34, Victor, $1,200. Frank A. Bistine to M. Hendrickson, lot 23, block 18, Victor, $200. The Pikes Mounting Consolidated G. M. Co. to the Sunset Eclipse G. M. Co., little in the Baby Jane, Justice and Kodak lodes. The Sunset Consolidated G. M. Co. to the Sunset Eclipse G. M. Co., the Summit lode and portion of the May B. lode, $1.

A location certificate was filed today by C. A. Kinney for the Rostwick lode.

Harry Sundenberg, the young man who confessed to be a forger in the district court, was taken to the penitentiary this morning to serve an indeterminate sentence of from 1 to 7 years. The Bank of Cripple Creek, by Receiver Cook of J. T. Hughes of $20.00 given by him and stole two dozen chickens. Mr. Hinds has offered a reward of $25 for the capture of the thieves.

W. R. Arnold, the well-known mining engineer, has just returned from the new mining district in the northeast part of Teller county. Mr. Arnold is highly pleased with the new camp. In this district is the Wedekind mine, which is proving to be the second richest in the camp. It is expected that the ore reserves of the Wedekind will be [illegible] by 25 miles and that the [illegible] in the district will be [illegible] by the [illegible] of the year. The Dunkin district, in which the Wedekind is located, is an excellent field for coal, and it is believed that when the railroad reaches Cripple Creek, as it will do in the near future, the Dunkin district will return.

Quite a town crowd is in the National Hotel today were: W. Weston of Colorado Springs; H. S. Lake; C. J. Mancraft, D. Wrigley, Jr., Clyde Smith, Mrs. Regina M. Strong, Mr. and Mrs. John B. Neville, Mr. W. Kennedy and George B. Turrix of Denver; W. C. Thomas of Salt Lake City; Dr. H. Wentzig of Denver; W. H. Gaylord of Bingo of Idaho; G. A. Bisby and R. C. Kirby of Philadelphia.

GOLDFIELD

Special to the Gazette.

Goldfield, Nov. 1. The Republican rally in this city tonight was a great success. The largest crowd that has ever attended a political gathering in the history of the city turned out. The [illegible] candidates were present and made addresses which called forth much enthusiasm.

A number of boys [illegible] celebrating Halloween greased the track of the Golden Circle road on the grade near this city. After two trains had failed to reach their destination on this account, a gang of shovelers arrived and literally covered the rails with dirt and sand.

Charles F. Better, Denver attorney for the Victor Consolidated, has been spending the week in the district.

Miss Lillian McNeeley, who has been spending the summer with relatives in this city, has left for her home at Silver Cliff.

A. J. Campbell, who is interested in the Vindicator and Golden Cycle mines, has been spending the week in the district.

Sterrett Bell of the Independence Consolidated, was in Denver this week on business.

Joseph Vivan came in from Denver on Tuesday and will be in the city for several months.

It is reported that W. H. Prentz of Gillett, will move his stock of [illegible] into the Nethergall building within the next few days.

Charles Gallmzer and John Gregor have returned from a visit to Canon City.

FALCON

A very enthusiastic rally was held by the Republicans at the school house Thursday evening with a large crowd in attendance. Mr. Banj. Rollinson was chairman of the meeting. Major Allister and Mr. D. E. Grimes, both of Colorado Springs, delivered very interesting and eloquent addresses after which the following candidates were introduced: Mr. Gilbert, candidate for sheriff; Mr. C. A. Hollen, candidate for re-election as county treasurer and Mr. A. Strachan, candidate for county assessor. The Republican [illegible] seems to be very good around here this year [illegible] what it [illegible] the past.

The ball given at the Hotel Falcon Friday night was the social event of the season. A large crowd was present, the music fine, the supper elegant and a splendid time enjoyed by all present. Mrs. Patterson favored herself with honor as hostess. Miss Lillie Dyer and Mr. Cassius Stewart won a beautiful cake for being the best waltzers present.

NEWS NOTES FROM PUEBLO

Controversy Over Possession of a Child Rouses Much Interest --Beulah Gold.

Pueblo Bureau
Colorado Springs Gazette.

Pueblo, Nov. 1. Pueblo is interested in the controversy which has developed in Denver for possession of a child called Myrtle Davis, supposed to be the daughter of Mrs. Jack Rogers, who resided in Denver, running rooming houses two years ago. She left the child a legacy of $1,000. Mrs. Rogers was well known in Pueblo, having lived here for some years with Jack Rogers, a well known saloon keeper, who committed suicide some three years ago. During her residence here her child was kidnapped by a stranger and is to be her first husband, Con Davis, but afterwards recovered [illegible] in Denver. Finally the courts awarded possession of the child to A. B. Silfer, husband of Mrs. Rogers' sister, who lives in Arizona. Now it is Mrs. Cornelia Colbert Rogers vs. Jennie D. Silfer, et al. Mrs. Rogers has appeared in Pueblo and is the real mother of the child. Mrs. Rogers is said to have been a daughter of one of the old Vandeventer family of Ft. Scott, Ark., which was in years gone by one of the oldest and wealthiest families in the south. An elopement and marriage with Con Davis, a penurious telegraph operator is said to have been one of the local sensations of the day. The mystery of the contest for the child is why possession has recently become so important. It is thought that perhaps there is an estate outside of Mrs. Rogers in which Myrtle may be a beneficiary.

H. Dick, an ore watcher for a company in Cripple Creek, met with an accident this afternoon at the Philadelphia smelter, which cost him a portion of his left foot. He was standing on the railroad tracks at the smelter when a train of cars backed up without warning and a wheel passed over his foot. An operation was performed at St. Mary's hospital, removing the injured portion of the limb and tonight he is resting easily.

Reports from Beulah indicate that the gold seekers have commenced to delve into the surface of Mother Earth in the search for the yellow metal. Christian Protexter, the original discoverer, is now down about 20 feet on his claim and it is said that the indications are becoming better right along.

Another enthusiastic republican meetings were held tonight at Bessemer and all were very largely attended. Prospects for a sweeping Republican victory are daily becoming brighter and the opposition is discouraged.

Wm. Ingram, an alleged prize fighter, is said to have attempted to "roll" a [illegible] man, was assessed $300 in police court this morning, which he [illegible] limit.

During the month of October 24,767 pieces of baggage were handled at the union depot, which is 619 more than during the corresponding month of last year.

Maude Schofield, the young girl, who disappeared in Pueblo some time ago, has been found in a Denver rooming house, among associates said to be very disreputable. Her mother has gone after the girl.

Ernest Miles, 16 years old, said to be the leader of a gang of very bad boys who have been making their rendezvous in the old C. & S. yards, was fined $50 in police court this morning. The gang was raided yesterday by the railroad officers.

Hoffman House Row Netted $50 and Costs

Row in the Hoffman house saloon Thursday night was aired in police court before Judge Bates yesterday morning. How it got into police court, failed to tell us the officers of Colorado City did not seem to know anything about the row Thursday night, but at least the matter had not been reported at police headquarters over here several hours after it occurred.

Messrs. A. Schuman and Callahan were before the bar of court, Callahan was the man who was hurt in the mix-up. According to the evidence it was an ordinary disturbance case, although it is said to have had some political coloring. Hames and Schuman were found guilty of disturbance and each was fined $25 and costs. Callahan was discharged and the incident is closed.

The story of the row seems to be that Hames and Schuman tried to throw Callahan out of the saloon and that in the scuffle Hames' revolver went off. This is about all that can be learned of the affair.

"Hello" Station Has Been Opened Here

Is this Colorado City, Colorado Springs or West Colorado Springs? If you want to talk to Colorado City or West Colorado Springs, Colorado City or "West" branch of Colorado Springs telephone system has been inaugurated.

A new telephone exchange over here is now in the Doyle block, on Fifth street, on the ground floor. All Colorado City and West Colorado phones will be connected with central although they will still be under general Colorado Springs system.

The Colorado Springs central will be known as "Main," and the Colorado central will go as "West." The change is made to simplify the work. Operators will be on duty at both offices.

Having a central over here will cut down the amount of cable used in the system. When calls are made for Colorado City or West Colorado Springs parties the "West" central will handle them and the burden of this work will be taken off the central girls in Colorado Springs. If parties in Colorado City or West Colorado Springs want to talk to parties in Colorado Springs proper the calls will go through "main" central as in the past. The lines in this city or West Colorado Springs and Colorado City is growing rapidly and it is almost imperative that this special provision be made to handle the business. Mr. R. F. Morris, the Colorado Springs representative of the Colorado Telephone company, will have charge of the whole system.

WOMEN OF WOODCRAFT OPENED NEW HALL

Women of Woodcraft opened their new hall in the Waycott building last night with a fine banquet. The ladies have held their dedication dues and have given a grand opening, but the ladies' auxiliary to the camp take some pride in the new hall and decided to celebrate their event by the banquet.

At eight the members of the order filed and sat around the banquet board for the evening. Turkey and all the trimming viands loaded down the tables and a delightful repast was enjoyed by all. Speeches were made and a very pleasant evening spent.

AND CUT W. J. Snyder, of the fire hall the end of one of his thumbs was cut off by a paper knife on Thursday. The accident was very painful and will cause Mr. Snyder much inconvenience.

THE A. O. U. W. A local lodge of the Ancient Order of United Workmen has been organized with a membership of 150. Following are the officers of the new society: Judge Bates, commander; William Tompkins, past commander; H. McNider, vice commander; Mrs. Cora Soul, chaplain; Mrs. Georgia Shawless, secretary; Mrs. Ida Johnson, pilot; Mrs. Allee Jordan, captain; W. Nostrum, outer guard; Mrs. Benedict, inner guard; Mrs. M. K. Rankin, treasurer. The next meeting will be held in Waycott hall on Thursday.

TO KANSAS CITY Mr. J. O. Marts, of this city, has gone to Kansas City to accept the position of assistant superintendent of the public schools there.

BOUND OVER J. C. Hoover, who is charged with having twice mortgaged property contrary to the state law, was bound over to the district court for trial. His bond was placed at $500.

MODERN WOODMEN The Modern Woodmen of America will meet on alternate Thursdays in A. O. U. W. hall hereafter.

WOMAN'S GUILD The Woman's Guild of the Church of the Good Shepherd will meet with Mrs. Johnson at 3 o'clock Monday afternoon.

REDMEN'S BALL WAS A GREAT SUCCESS

The Redmen's ball at Temple theater Thursday night was one of the big events of Halloween night. There was an attendance of probably 500 and the merry dance continued until daylight commenced to peep over the eastern horizon. But it was Halloween night and the lateness of the dance may be excused on that account.

The ball was conducted in every proper and reflected great credit upon the order under whose auspices it was given. The music was furnished by the Midland orchestra under the direction of Prof. Irvine and it was of the best order. It would have tempted one of strict temperance against dancing to waltz to the inviting strains.

The committees in charge of the big event were as follows: On arrangements, Messrs. W. T. Davidson, W. S. Austin, J. A. Hill, R. L. Bradley and H. M. Andrew; on reception, John Jack Douglas, Worley, J. T. Muir, H. F. McKay and W. J. Dean; on floor, W. T. Davidson, W. S. Austin, J. A. McKay, Joseph Hilbrich, James Lynes, William Byrnes, John Ridgway, W. D. McNeill and T. C. Anderson. W. W. Haga was master of ceremonies and conducted the affair in a masterly way.

Two gold medals were awarded, one for the most elaborate costume which was awarded to Miss Pearl Petrie, and one for the most antique costume which went to Charley Landreth. The ball was a financial success as well as a social triumph.

SELF DENIAL NETTED A HANDSOME SUM

The second annual "Week of Self Denial" of the Epworth league of the First M. E. church was closed Thursday night with a Halloween social given in the church.

A very large number of the young folk and their friends gathered to enjoy the reception and to learn the results of the self-denial. Little sacks were sent out with tags attached, numbered consecutively from 1 to 18, each number corresponding to a number on a large blackboard on the wall. All amounts were posted opposite their numbers, no names being used. One hundred and forty sacks turned in last evening, representing $90. Many sacks were reported, but not turned in and when all are in the two hundred or more sacks will represent a total of about $125.00.

The finance department, of which Mr. C. F. Maunder is treasurer, has worked hard to bring the self-denial effort a success, and with the social department, who provided the entertainment in real old-fashioned Halloween style, furnishing "mother's pumpkin pies" and "apples for refreshment, have brought the week to a close with splendid results.

About 250 people were present and enjoyed the program. The financial results will be divided about in the following proportions: One-half to the league treasury, one-quarter to the missionary department and one-quarter to the Intermediate league.

The amount exceeds last year's report on night of social by $25.

WOMAN'S UNION HELD A GENERAL MEETING

A general meeting of the Woman's union of the First Congregational church was held yesterday afternoon in the church at 3 o'clock. The following musical and literary progam was given:

Piano Numbers "An den Frühling" (In the Spring), "Schmetterling" (The Butterfly), by Mrs. Faust.

Browning's "Abt Vogler," a paper by Miss McDonald, the well-known lecturer.

Piano Numbers—Bolero, Op. 19, Chopin, Mrs. Faust.

Tea was served.

A. O. F. ADOPTS A POLICY OF EXPANSION

A large and enthusiastic meeting of the Ancient Order of Foresters was held last night, there being 10 candidates initiated and 40 applications acted upon. It is the intention of this court to occupy one of the largest halls in the city, and will have a uniform rank the same as have Denver and Pueblo. The uniforms are very handsome and when in parade will do credit to this city.

A new court is being established in Colorado City with a large charter list. W. E. Freeman, the deputy high chief ranger, intends prolonging his visit for the upbuilding of the order, and to put the degree team and uniform rank in operation.

BRIEF CITY ITEMS

PRINTERS HAD GOOD TIME. Superintendent and Mrs. Deacon of the Printers' home, arranged an evening of much pleasure for the members of the home on Halloween night. All day antics and pranks for which the day is celebrated were in vogue at the home. A number of games of skill were played, prizes being awarded to Peter O'Donnell, M. Symmons and George McLaughlin.

LOST, TWO FINGERS Clyde Setzer, a brakeman on the Short Line, is suffering from an unfortunate accident in the loss of parts of two fingers. The accident happened near Summit while Mr. Setzer was coupling two freight cars. He resides in this city at 22 West Fountain street.

SECURE PENSION General Linus B. Sherman was instrumental in securing a pension for Mrs. Jeremiah Williams of South Tejon street. The pension is $6 per month, and begins with May, 1899.

MAD HORSE Officers Hughes and Thomas discovered a mad horse running about on the west side at about noon yesterday, and after considerable skirmishing with the animal drove him down to the city pound. Dr. Fenton, the veterinarian, was summoned and after examining the horse decided that it had been bitten by a snake. He is now treating the animal and hopes to restore him to normal condition before long.

PAID THE FINE Mrs. Guthrie, who was fined $10 and costs recently for violating the dog tax ordinance, appeared yesterday and paid the fine, much to the surprise of Judge Boatright and the police. She had not been heard from since the fine was imposed, which was over a week ago. Yesterday she gave no explanation, but walked in, put down the $12.05, and walked out with much dignity.

BISHOP—WILL PREACH—Right Rev. W. A. Leonard, D. D., bishop of Ohio, will officiate at holy communion at St. Stephen's church at 11 o'clock Sunday morning. Bishop Leonard will also preach the sermon. He is stopping here on his way home from the Episcopal Triennial, at San Francisco.

POLLING PLACES The county commissioners yesterday decided upon polling places for the remaining two of the Colorado Springs precincts as follows: Precinct No. 28, Kinnikinnick; precinct No. 30, DeWitt's store, Del Norte street, west of Wood avenue.

SALVATION ARMY Major and Mrs. Pebbles will conduct the services of the Salvation Army hall on South Cascade avenue tonight and all day tomorrow.

NORDRACH FARM

The Nordrach Farm, a hospital institution, where treatment will be rendered according to the theories advanced by Dr. Nordrach, a famous German tuberculosis specialist and scientist of much note, was opened up yesterday and already has four patients. Dr. J. E. White is the promoter of this scheme here, and he is also the consulting physician of the farm. Mrs. M. E. Harper is the personal director of the institution, and Dr. A. J. Crane is the resident physician. The treatment consists in out-door living and sleeping. Tents have been provided at the ranch for the accommodation of the patients. There is also a trained nurse at the place.

CRIPPLE CREEK EXCURSION,
SATURDAY, NOV. 2, 1901,
VIA COLO. MIDLAND RY.
$2.50 ROUND TRIP $2.50.

Excursion train leaves Santa Fe depot 7:50 a. m. Good returning on all trains of that day.

FOOTBALL WAR IN STATU QUO

Nothing Doing in Regard to Professionalism—Officials Now the Bone of Contention.

Colorado college and the State university occupy the center of the stage in the football world of Colorado, at present. Boulder has protested four Colorado college men; Colorado college has protested three Boulder men; the two institutions cannot agree on officials, and the big game between them occurs next Tuesday.

Acting Manager Thayer of the State university football team, is quoted as saying that his school does not expect to be able to prove charges of professionalism against Packard, Mead and Fuller of the Colorado college team but thinks there is some foundation for a charge against Brown. The charges against Packard, Fuller and Mead are based solely on rumor, it is admitted by Mr. Thayer, while there is circumstantial evidence against Brown in Thayer's opinion.

Brown, it is alleged, offered his services to Boulder and to the D. A. C. for a cash consideration. Boulder refused to pay him, according to the story, and he, it is said, threatened to come to Colorado college. Brown did come to Colorado college and is playing on her football team. This in the mind of the board of control of Boulder athletics for Thayer, says it was the board and not he, that protested the four Colorado college men is proof positive that Brown is being paid for playing. Brown still stoutly denies that he is being paid for playing on the Colorado college team or ever received a cent or other consideration for playing on any athletic team. Brown asserts that no is an amateur pure and simple and he defies Boulder to make him professional.

When the secretary of the state association sends down formal notice of the protest the four men protested, together with an official of the athletic association will forward to Denver affidavits of amateurism. Boulder's manager says that is all that is necessary. A protest that does not go further than that is a mere farce.

The college has protested Ralph Glaze, John Glaze and Foote of the Boulder team. By doing so the college protects her own team.

As usual, the two institutions are in a controversy over the officials for Tuesday's game. Colorado college suggested Abernathey and Potter of Colorado Springs, Burdwell of Denver, Dudley of Golden, and Lisle of Greeley. Boulder refused to accept any one of these men. Boulder in turn suggested Connolly and Risley of Denver and Stearns of Littleton. The college accepted Stearns but when Boulder refused to accept any of the men suggested by the college that institution withdrew its acceptance of Stearns. Boulder's objection to Abernathey, it is said, is that he lives in Colorado Springs. The college does not think that objection is worth consideration as Abernathey has long had a reputation for being the strictest and fairest official in the state. He has officiated at nearly all the big games of the past four or five years and has always been satisfactory to Boulder before. He has refereed the past four annual games between Colorado college and Boulder and heretofore has been one of the few officials upon whom the two institutions could agree. Golden has always accepted him for an official and has made a special effort to get him for her U. of D. game. From these preliminary skirmishes it is to be taken for granted that the election day game will be one of the most hotly contested games ever played in the state.

Packard May Do Princeton Kicking

The Colorado college team will not do much heavy work from now on. Ewing is anxious to get the men into physical condition for the big Boulder game. The team is sadly bunged up and one or two men will probably be out of the game on election day.

Jonson's leg does not get any better and it looks as though he will not be able to do any of the kicking in the Boulder game. The present arrangement is to put Lennox at Jonson's half and play Jonson at Lennox's end. Packard will do the Princeton kicking with Lennox holding the ball. Packard is in fair form and if Lennox and Kiteley do their work properly the college's strong feature will still threaten Boulder's goal. Packard kicked three in succession from the 45-yard line yesterday. He has kicked one from the center of the field. He can kick longer distances than Jonson can, but the old combination of Packard holding and Jonson kicking is surer than the present combination. If Jonson gets well the formation will be as usual.

Mead is still out of the game with his bad side. He is trying to get in shape for Tuesday's game and hopes to be able to play. If he cannot, either Reed or Williams will play his end. Brown is slowly getting into shape. Kiteley will be able to play. Buffington is in good shape. Roberts is rounding into form again and the line as a whole will be fairly strong.

A big excursion crowd is now assured for the Boulder game. Nearly every man in college is going up and a great many townspeople will see the game. The excursion rate is $3 for the round trip. A big enough crowd has been secured to get a special train and it will leave this city at 8 o'clock Tuesday morning, returning at 10 o'clock that night.

At Denver today occurs the big D. A. C.-Washburn game. It has attracted attention all over the state and a big crowd will see it. A number of Colorado Springs enthusiasts are going up. Manager Parvin and Coach Cavanaugh of the D. A. C. express themselves as being doubtful about the game, but it is learned from private sources in this city that Washburn is not as strong as usual. The D. A. C. is the favorite in the betting.

HIGH SCOOOL GAME FOR ELECTION DAY

The football game in this city on election day is between the Colorado Springs High school and the Golden High school. That it will be a good game is generally believed. That the local High school will play a good game is well known.

The Golden team is about the same weight as the local aggregation. Golden has played several games with Denver High school teams and has shown up well. The local High school has not yet lined up against a team in its class and this game may give a hint as to the outcome of the High school season.

Captain Randolph has a fine little team. It is well trained and in good physical condition. Its team work is better than that of the college men and the boys play with a never-say-die spirit that is good to see.

The High school hopes to see a big crowd out on Tuesday and it is safe to say that all the football enthusiasts who do not go to Boulder on that day will attend this game. It will be a game worth seeing.

A WOMEN'S COLLEGE FOR THE WEST.

THERE are three great institutions in this country exclusively devoted to the education of women. These are Vassar, Wellesley and Smith, and to meet the demand upon them that they are able to accommodate only a part of the young women who apply for admission. With some of them it is necessary to make application two years ahead.

All of these institutions are east of the Alleghenies. Doubtless, while the western country teems with prosperous people and growing cities, has an adequate school of the class. There are many co-educational schools scattered throughout the western country, too many, some think, but no woman's college worthy the name. A great many persons believe in the purest education of the sexes.

Many people think that there are too many "fresh water" colleges now, and that effort should be directed towards consolidation, thus making at least one great institution of learning. [illegible] Be that as it may, an opportunity for now presents itself that will insure a college for women in this state. The Baptists have the matter in charge and are trying to locate such a college at Montclair, the beautiful Denver suburb. They have at that point 20 acres of land on which is a handsome building of stone unfinished, costing some $25,000, and capable of accommodating, when completed, 200 pupils. A conservative estimate of the value of this property places it at $50,000. Against it lies a mortgage of $11,000, with accumulated interest amounting to $1,000, and unpaid taxes to the amount of $2,000. A donation of $5,000 will be made by the holder of the mortgage if before the first of January, 1902, the debt is paid. That is to say, the sum of $12,000, or thereabouts, if raised by January 1, 1902, will release the property from its present debt of $18,000 principal and interest, and, in addition, within a reasonable time thereafter $50,000 can be obtained to equip the building for use, the taxes due may be remitted, the sum of $3,000 in total will, therefore, if secured in the near future, open a school and put the Baptists of Colorado in a position where they can command the beginning of a college of the highest rank for the education of young women. Once a school is opened which [illegible] signing of the realization of the high ideal, larger bequests and consequent buildings and equipment are sure to come.

It will be seen that the time is very short in which to act, and those who are friendly to the movement are urged forward with subscriptions. Dr. Edward Brailsin is the president of the board of trustees and Prof. E. M. MacNeill, father of C. M. MacNeill of this city, is the financial secretary. Requests for information regarding the project or subscriptions may be sent to the financial secretary.

Undoubtedly a [illegible] institution of this kind would be well worth [illegible] Here nature has provided an attractive [illegible] the people of the [illegible] sought to be benefited by the school. The [illegible] to [illegible] the payment [illegible] [illegible] [illegible]

The Dinner Coat

Or TUXEDO as it is more properly called, is really as necessary a part of your wardrobe as your evening dress coat. If you are a club man or attend many dinners during the season or go to any gathering in the evenings which are not strictly of a formal character, or entertain at dinner in your own home, the Dinner Coat or Tuxedo is really the proper as well as most comfortable garment to wear. We have these garments elegantly made at

$16.50 and $25.00

QUARTO REPORT IS COMPLETED

Secretary McClurg Will Today Give Out a Statement of Receipts and Expenditures in the August Celebration.

It cost the Quarto-centennial association nothing over $10,000 to give the successful celebration of last August. All the accounts of the association have been settled and Secretary McClurg, of the executive committee, will give out today a detailed report of the receipts and expenditures. There are over 1,000 items in the report.

The receipts include contributions by the city and county, local institutions and public spirited men, and the funds received from the sale of tickets to various attractions. The expenditures, it is said, leave a balance in the treasury.

The first contribution to the centennial fund was a check for $500 from General William J. Palmer. The city and county each gave $1,000 and W. S. Stratton gave $1,000.

About $7,000 was collected from other citizens, banks and different local institutions.

Member of Household Talks of George Gould

It is often surprising to learn of the simplicity of the lives of prominent people, especially the very wealthy, and since nature is impartial in her attitude towards them, allotting them neither more nor less happiness than she has for any of her wards, those outside the pale of millions may be pardoned for an inquisitive wonder what the owner of eight or ten millions can possibly do to make his own life any more the thing, because of the heap of gold which may be his.

Apropos of this, it may be of some interest to learn of the simplicity that rules the daily life of George Gould, the man who controls the commercial destinies of America more than any one else living. He permits himself no luxurious indulgence in epicurean feasts and an almost rigorous diet is his daily fare.

Speaking of him yesterday afternoon, a Pikes Peak avenue man, who for two years was a cook in his family, said: "There never was a more agreeable person to work for than George Gould. He is simple in his tastes, inoffensive of merit and as kind to me as I was chief in his house in the New York for several months, and then went on a cruising trip with the family, and was asked to go with him when the family went to France, but did not care to leave the country for personal reasons, or I might perhaps still be with them.

"The entire family followed Mr. Gould's simple manner of living. There was a certain monotony about their bills of fare that would astonish the average well-to-do American. For instance, for breakfast, he invariably had one sirloin steak, rolls, potatoes and coffee. This was little varied month after month. His favorite dish was broiled lobster, and his favorite vegetable was potatoes served in all the ways in which they can be cooked. He was very fond of eggs, and would eat sponge cake like a school boy. He is also particularly partial to good meats, especially spring lamb, steaks and chops. About the only vegetables which he eats besides potatoes are corn and peas. Mr. Gould's tastes are similar to his. Very little wine is ever served when they are alone, in fact Mr. Gould is almost an abstainer.

"The little Gould children, of whom there were five when I was in their household, have a separate cook and when the family is alone they always dine in the same room with their parents, but at a different table. Their diet is even more simple than that of their parents. For breakfast they usually have cereals, of which, by the way, Mr. Gould was very fond, and while we were cruising along the Atlantic some one always went ashore daily for a fresh supply for Mr. and Mrs. Gould. Little Jay Gould is the boss of the entire household. He permits himself no liberties with the cook, and the cook is the only man for the rest of the children when they want anything. One morning after breakfast little Jay stepped into the kitchen and with his hands in his pocket just like his father, he said to Cook, we are slightly tired of our crackers. It's nothing but chops, chops, chops every day, and we won't stand it any longer. Can't we have something besides chops, chops, and more chops?' It was very amusing, because of the authoritative air of the little fellow as he spoke to me. The next day there was something besides chops, chops and more chops on the children's table.

"We went to Cuba shortly after the close of the Spanish war. The ship, Mr. Gould's yacht Atlanta, was stored with all kinds of provision for the trip, particularly all kinds of French canned goods, but most of these were consumed by the guests, as Mr. Gould preferred the simple diet that he had been accustomed to at home. For the short trip from New York to Havana we took 5,000 pounds of beef and other provisions in proportion. The crew of the Atlanta numbered 56 persons and the Gould family and their guests averaged about 16. Both Mr. and Mrs. Gould are very hospitable and entertain a great deal, but in a quiet way."

Mr. Cantoon, after leaving the Goulds came west and of late has been cook at the Plaza.

Reduced Rates for Many Attractions

Circulars announcing excursions authorized by the Colorado Terminal Passenger association were received at the Short Line and other local railroad offices yesterday. The reduced rates authorized are as follows:

Holiday rates: Christmas, New Years holiday rates, one fare for round trip tickets between all points in Colorado. Tickets will be sold December 24, 25 and 31 and January 1, the return limit being January 2. Special time limit will be granted to teachers and students.

Convention of National Live Stock association at Chicago, December 3-6, one fare plus $2 for round trip.

Mystic Shriners' meeting in Denver November 12, one fare for round trip.

Grand Lodge meeting of Elks at Salt Lake City, August 1st, 1902, one fare for round trip.

City's Answer to Ord and Swope

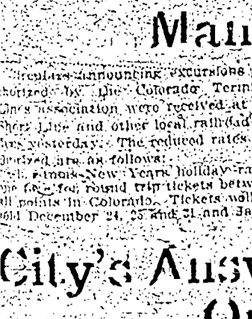
The city, through City Attorney Shafer, yesterday filed an answer in the district court to the suit begun by Ord & Swope, contractors, demanding $800 damages. The contractors allege that the city converted to its own use $2,800 worth of sand and gravel belonging to them. The answer filed yesterday makes a general denial of the points in the complaint.

In the county court W. J. Nesbitt filed an appeal from the decision of Police Judge Boatright, who recently fined him $5 for leaving combustible material around his shop shop.

A petition was filed in the county court asking that Otto Mack be declared a habitual drunkard.

Justice Wing's court the case of the people against A. Jac Ward was continued. The prosecution will be dropped today and the case dismissed. Mr. Ward was accused of having used abusive language to Justice McClelland.

In the case of the people against Burkhardt and Jone in Justice McClelland's court, the defendants were held in $500 bail each for trial in the district court. They are accused of having assaulted Frank Kovacic. Those interested are Poles and are unable to speak English. Mike Kapsch acted as interpreter in court.



Keep Tooling

We want your attention—that's why we keep tooting our horn. We have the things to back up the noise we are making, and we believe you'll be willing to say so yourself after you examine our line of GUNTHER'S famous Chicago Candies 60c a pound.

The A. Jac Ward Drug Association,

Y. M. C. A. Auxiliary Plans Winter Work

The Women's auxiliary to the Y. M. C. A. met yesterday at 4:30 p. m. in the association rooms, Mrs. F. W. Goddard presiding.

As this was a called and not a regular meeting, the attendance was somewhat less than on previous occasions, still enthusiasm was manifested throughout the meeting and a most helpful interest in work for the various lines being mapped out.

Miss Goddard announced that it was thought best to defer the selection of rooms and a finance committee for the time being.

The membership committee was announced as follows: Mrs. J. W. Pennington, Miss Reuer, Mrs. H. H. Belpomrige, Mrs. De Arnaud Russell, Mrs. F. A. Mueller, Mrs. E. W. Stanley, Mrs. M. D. Marlow, Mrs. Musser, Mrs. Steininger, Mrs. Peterson, Mrs. H. G. Lunt.

Social committee: Miss Bonsey, Mrs. D. M. Russell, Mrs. F. A. Mueller, Mrs. William Lemox, Mrs. Butler Williamson, Mrs. J. H. Robinson.

On motion, the chair was empowered to name a committee to revise the constitution and by-laws formerly ruling the auxiliary, adapting them to present needs and report at the next meeting. Mrs. Robert Kerr, Mrs. J. McRobbie and Mrs. W. D. Marlow were elected.

Mr. Day, the secretary of the Y. M. C. A., then announced an immediate need for the assistance of the auxiliary.

Mr. Fred A. Smith, religious secretary of the International Y. M. C. A. arrived in New York city on the 1st inst. and will be in Denver during the week of prayer, beginning on November 10. It is desired to entertain the secretary.

After Denver Y. M. C. A. secretary left for home Mr. Smith to the local association for the evening of Friday, November 8th. Sec'y Y. M. C. A. conference introduced by a dinner at 6:30 is to be held in the association hall.

Since the emergency had arisen Miss Dorsey, the chairman of the social committee, had been notified and with her sensational executive ability, she had already made a partial canvass for supplies and reported that a generous response had been received and what was still required was attended for by the women present.

Adjourned to meet at 4:30 p. m. Friday, November 8, at which meeting arrangements for the Thanksgiving dinner to be served to young men in the city who are away from their homes.

Cadets Want Guns for Modern Drill

Now that the High School cadets have received the much anticipated guns from Adjutant General Gardner of the state house, they are sorry that they ever asked for them, and moreover, while they are very much in need of guns, it is probable that the guns will be returned to the state house.

The reason is, that the guns are old, discarded lot that have done a long term of service for the Victor High school cadets. Nearly all the guns are in such a state that they are unfit for any kind of service whatever.

The public fund for guns is growing quite rapidly and before long, enough will be on hand to buy the guns. It is probable that the guns will be sent for next week. It has been decided to order a new rifle, the price of which is $7.20, when purchased in large quantities.

Dr. Slocum to Go Abroad for a Year

President and Mrs. William F. Slocum, of Colorado college, will leave for a year's vacation December 10 next. They will spend the time in Europe.

President Slocum was granted a year's leave of absence by the trustees some time ago and has been getting the college work into shape for him to go. He announced to his philosophy class yesterday morning that he expected to leave on December 10.

Dr. Slocum feels that he needs a rest. He has been working hard for the past 10 years and the growth of the college in that time testifies to the effort he has put forth in its behalf. The college has reached a point now where much thought and consideration should be given to its future plans and Dr. Slocum will take advantage of his vacation to lay out plans for future work.

The work of the college during the year the president is away will come under the direction of Vice President Parsons. Professor Parsons has been in close touch with Dr. Slocum's work and is qualified by experience to carry on the work of the institution during the president's absence. Dr. Lancaster will take Dr. Slocum's classes in philosophy and ethics. Professor Parsons will continue at the head of the department of English.

President and Mrs. Slocum will spend much time in Italy and Greece. They will also visit France, Germany and England. Dr. Slocum stated that he intended doing some work while away, but the main object of the vacation is to give him a rest from the enervating work connected with the direction of college affairs.

Colored Voters Indorse the Ticket

The entire Republican county ticket was enthusiastically indorsed at a meeting of the Colored Independent club last night. The meeting was held at No. 29½ East Huerfano street and represented a membership of about 75 representative colored citizens. Some of the Republican candidates had been invited by President William Ellis to attend the meeting and telling speeches were made.

The Colored Independent club is an independent organization, politically, and the action of the members in indorsing the Republican ticket last night is considered an indication as to how the colored people of Colorado Springs will cast their votes next Tuesday. The indorsement was unanimous.

PERSONAL MENTION

Matt H. Wilbur will arrive home today.

B. L. Van Horn of Gypsum is at the Spaulding house.

L. L. Highby of Denver is stopping at the Alta Vista.

Mrs. George H. Simmons will leave today for Salida to visit relatives.

C. S. Brantingham of Rockford, Ill., is spending the week at the Antlers.

Paul Richter, a prominent Denver musician, is stopping at the Spaulding house.

H. J. Sealey and Miss E. J. Holmes are San Francisco people at the Antlers.

Judge George J. Richmond of Cripple Creek and Denver is a guest at the Alta Vista.

Mrs. L. C. Foltz of 2103 North Nevada avenue is spending a month with her parents at Canton, O.

Denver arrivals at the Alamo yesterday were James W. Herrick, L. F. Alcorn, Mr. and Mrs. J. Corley.

Harry Gardner, who has been in the east for a month or more, returned yesterday, delighted with his trip.

Miss Emma Gowdy of Salt Lake City is visiting friends at the Alamo. Miss Gowdy will return within a week or ten.

Mr. and Mrs. Frank H. Moss, who were visitors in the city early in the summer, are again at the Antlers. They are Philadelphia people.

Mr. and Mrs. A. E. Gill, Miss Guild and Miss V. C. Fryer of Scranton, Pa., are a party at the Spaulding house. They will remain for several days.

Mr. J. W. Pierson, of the Denver Post, also the representative in the city of Denver for the Evening Mail, spent a few days of the past week in the city.

Dr. Helen F. Meyers, who sustained a serious injury from a fall seven weeks ago, was removed to Pueblo Sunday for the benefit of a lower altitude.

Mrs. Lizzie P. Fenn and granddaughters, Misses Bessie and Marjorie Sperry, have returned from a visit of three months in New York and New England.

E. C. Van Diest, manager of the San Luis Land company and a man who has done much to promote the subject of irrigation in this state, is in the city. He is at the Alta Vista.

Miss Virginia Moffat of Wheeling, W. Va., is at the Alamo. Miss Moffat belongs to a well-known historic family of Virginia. The family has been identified with the politics of the south for several generations.

The Right Rev. Chauncey B. Brewster, D. D., bishop of Connecticut, who is spending a few days with his brother, Rev. Benjamin Brewster, will preach at Grace church at both the morning and the evening service tomorrow.

L. P. Merriam of Denver is visiting friends at the Spaulding house. Mr. Merriam is a well-known mining man in this state. He has recently been in Klondike and still has interests there. He is visiting his daughter, who is attending Colorado college.

W. W. McConnell, a well-known oil miner, returned yesterday from a three months' visit with relatives in Pennsylvania, bringing with him his bride, whom he had married in Pennsylvania. For the present Mr. and Mrs. McConnell are visiting at the Spaulding house.

ARTHUR SETTLES WITH HIS SERVANT

SON OF FORMER PRESIDENT LOST A LEGAL FIGHT.

Girl Won in Suit Over a Disputed Claim For Wages. Will Now Go East.

Mary McGowan, servant girl, finally won her suit against her former employers, Mr. and Mrs. Chester A. Arthur. Having vanquished in a legal battle these former leaders in Colorado Springs, Miss McGowan will return to her former home in New York with an added fund to her limited feelings and the satisfaction of having won a suit against the son of a former president of the United States.

Early last summer Mrs. Arthur was in New York city, where she employed Miss McGowan to come to Colorado Springs as a servant in the Arthur household. According to the terms of the court, it is alleged, Miss McGowan was to receive $25 a month for her services, and if she did not like Colorado Springs, Mrs. Arthur was to pay her fare back to Gotham.

Miss McGowan did not like the Springs. She gave notice that she would leave and Mrs. Arthur refused to give Miss McGowan a railroad ticket to New York, whereupon Miss McGowan employed a lawyer and brought suit against Mr. and Mrs. Arthur. In Justice McClelland's court, last June, Miss McGowan was given judgment for $62.

The Arthurs appealed the case to the county court, where it was settled yesterday. Mr. and Mrs. Arthur paid Miss McGowan $80 and the case was dismissed.

TO SETTLE AFFAIRS OF THE LATE A. L. LAWTON

A petition for letters of administration for the estate of Andrew L. Lawton was filed in the county court yesterday by Mrs. Emily H. Lawton, the widow, and Andrew J. Lawton, the oldest son of the late Mr. Lawton. The letters will be granted today by Judge Hubbard, as soon as the petitioners file a $60,000 bond.

The personal estate, consisting of cash notes and stocks, is estimated by the petitioners to be worth $30,000. Mr. Lawton owned considerable real estate and is known to have been worth considerable money.

As Mr. Lawton left no will, the affairs of his estate will be settled by the administrator and administratrix. The heirs are the widow and the following children: Andrew J., Frank C., Lucius P. and Mary C. Lawton.

Bargains in Bicycles.

A discount of 20 per cent takes effect today on all our Columbia, Hartford and Rambler wheels. The $75.00 Columbias are cut to $60.00. BARBECUE AT THE COLLEGE

Halloween Observed as of Old--Numerous Parties Marked the Day.

By the light of a bonfire that blazed high and shed its glow afar, the youth and maidens of Colorado college Thursday night celebrated Halloween according to time honored custom.

The sophomores, or the class of 1903, pulled off its big barbecue at Washburn field and the rest of the student body together with the members of the faculties, their wives and some of its especially

[illegible] pies, cider, peanuts and pickles. It was a jolly occasion and loud cheers were given for the sophs who prepared and carried out the program.

At about 7:30 the students and other guests went down to the athletic field which was lighted by bonfires and at that all of the food was allied to overflowing. P. D. Rice of the sophomore class, acted as master of ceremonies and announced the first number on the program which was Pledge to the college orchestra. This was the first appearance of this musical organization and made a first class impression. The orchestra is composed of five pieces. Following the number by the orchestra came a song by the junior class which made a hit. Short remarks, mostly jokes, were made by [illegible] members of the different classes and by President Slocum and Prof. Aller.

After the program in the grandstand the crowd took seats around tables arranged in triangular order in front of the grandstand. The big bonfire was lighted and red fire torches were burned around the tables. The feast was a jolly one and short remarks were made by different persons to vary the monotony of eating and drinking.

Then the crowd gathered around the big bonfire and college songs filled the air. A crowd of schoolgirls, not a blanket band dared one or two [illegible] to afford a little diversion. The party broke up shortly after 9 o'clock after having

The witches were out last night and ridden filled the atmosphere. The spirit of Halloween was everywhere present. Colorado Springs celebrated the ancient day.

The small fry was out, but did not make the noise though it made as many. Horseblocks were turned over, gates were "swiped" and several pranks of this nature were practiced. But the police were a weather eye open and they youngsters were afraid to go much. The Rapid Transit company had men out watching their tracks and wires and no damage is reported from that quarter.

There were parties, more. Private functions and public affairs provided pleasure for nearly the whole populace. Pumpkin pies, apples and other delicacies which go to make up a real Halloween were to be found in abundance. Jack-o-lanterns bobbed up and down the streets like will-o-the-wisps and the air was full of strange doings. A pair of "ghosts" headed for the ball at Temple theater paraded the streets early in the evening and created considerable attention.

The senior class of the High school held a party at the Knickbrock last night. It was intended to be exclusive and none but seniors were invited but the juniors and a few lower classmen found it chilly out in the cold, cold world and decided to warm themselves up. They visited the Knickbrock at about 9:30 while the party was in full swing and turned out the electric light wires down. The party was in darkness at once and there was a scramble for the door. The juniors stood outside laughing and when one of the better known ones came across to the fire stone and calling up the electric light plant pleaded "Let there be light." But Hadrock refused to turn on the light so soon and the party was practically broken up.

A very pretty party was given at the home of Miss Catherine Wilbur, No. 112 North Tejon street. Miss Wilbur had as guests Miss Illyria Yeomans, Miss Madge Sill, Miss Virgie Estill, Mr. Grant Pauley, Dr. Hanford, Mr. Roy Sill and Mr. M. S. Wright.

The house was decorated in red and red shades over the lamps gave a mellow glow to the room. In the center of the room was a large Jack-o-lantern, a jolly evening was spent by the young people with games and all [illegible] in the occasion.

The Christian Endeavor society of the First Presbyterian church held a Halloween social at the residence of Mrs. A. D. Lember, Cucharras and a very jolly time was spent. There was a large gathering and the occasion took on the [illegible] tion.

At the First Methodist church the Epworth league ate pumpkin pies, apples, etc., and had a pleasant time socially.

There are thousands of people suffering untold torture from piles, because of the popular impression that they cannot be cured. TABLER'S BUCKEYE PILE OINTMENT will cure them and the patient will soon be cured. Price 50 cents in bottles, Tubes 75 cents. Holley-Arcularius Drug Co.

GOT INSIDE BUT TOOK NOTHING AWAY.

At some hour early yesterday morning burglars entered the hardware store of Ball Bros. on North Tejon street. As far as can be told the thieves took nothing.

Entrance to the store was effected by means of the rear door. The glass in this door was broken and then the burglars reached in and unlatched the door. Once inside, the thieves went to the cash drawer and pried it open but found nothing there. The thieves were evidently looking for [illegible] but [illegible] does not carry [illegible] in stock. So far as the proprietors can tell nothing was taken.

Officer Burch discovered the burglary on his regular run at about 2:30 in the morning. He was walking up the alley and discovered the broken window and then he [illegible]. There is no clew to the thief or thieves.

AMUSEMENTS

EUGENIE BLAIR IN PEG WOFFINGTON

In the selection of "Peg Woffington," Eugenie Blair has made a most admirable choice. It is a character [illegible] Charles Reade's [illegible] novel of the same name, specially adapted for the star by Mr. Wendell Ally, who has served it in [illegible] admirable play. In the exclusive of the title role, Miss Blair has [illegible] character which must be considered [illegible] as one of the great [illegible] on the modern stage. The [illegible] production will be seen in this city at the Opera house on next Monday evening. In Miss Blair's support will be seen Miss Eleanor Montague as the most beautiful actress in Merry England, Mrs. Vaughan Glaser as Mrs. Woffington, and Mr. Vaughan Glaser as Sir Charles Pomander. The remainder of the company is equally strong. The scenery is the work of Rehn, while the costumes are from the looms of Van Horne, Linzee and [illegible] and as the [illegible] of the [illegible] Peg [illegible] prices.

MRS. MANNING.

Louise Lovely will [illegible] the first to introduce upon the American stage the notorious [illegible] in a [illegible] recital of [illegible] play, "Hogarth," complete in [illegible] of all the characters, without reference to the text. It is the result of [illegible] memorial memory, combined with [illegible] readers of the day in all the [illegible] of [illegible] and [illegible] of expression. Says the St. Paul Pioneer Press: "Mrs. Manning [illegible] stage manager, carpenter and scene shifter, and naturally the [illegible] of all the roles. With true genius she read the minds of the audience [illegible] and with the magic of [illegible] and voice called forth the characters from the realm of the dead and caused them to live and move across the [illegible] background of imagination. Such [illegible] are more real and as beautiful as any within the power of the most skillful actor to give and they leave a more permanent impression."

TEMPLE THEATER TO OPEN NOVEMBER 14

Under the management of Grant Pauley, the theatrical season at the Temple theater will be opened November 11 by Pringle's Farce-Comedy company. This company will appear for three nights, beginning with the date named. The theater is being put into shape for the large number of bookings which Manager Pauley expects to make and should be a popular amusement resort all winter.

Johnny Pringle, star of the company which will open the season at the Temple, is well known as a comedian of merit and the management is fortunate in [illegible] for the first attraction.

Popular prices will prevail at the Temple theater all season. The admission charges will be 15, 25, 35 and 50 cents. Tickets for the first attraction will be on sale Monday at [illegible] & Armstrong's.

Happiness depends very much on the [illegible] of the [illegible] make but little impression on those whose digestion is good. You can regulate your liver and kidneys with HERBINE and enjoy health and buoyancy of spirits. Price, 50 cents. Holley-Arcularius Drug Co.

DELIGHTFUL WINTER TRIPS to all resort points in the South and Southwest are attractively low rates via the

FOR POLITICAL REASONS in the United States a great many apportionment bills have been passed which were flagrantly unfair and unjust, but of them all none was more utterly disregardful of the rights of the minority party in the state and of every principle of good government than that which was passed by the fusion legislature in Colorado last winter, and which Mr. Charles S. Sprague, then a representative in the assembly from this district, and now a Democratic candidate for the position of county clerk of this county, says he voted for "for business and not for political reasons."

A majority of the 58 counties of this state gave a majority for the Republican ticket last fall. Three counties, including one-fifth of the population of the state, and if the apportionment were a fair one they would be entitled to 13 representatives and seven senators in the assembly. The names and votes at the last election of these counties were as follows:

	Bryan.	McKinley.
Archuleta	201	578
Baca	134	737
Bent	546	569
Cheyenne	97	128
Conejos	912	1853
Costilla	453	884
El Paso	6230	7755
Huerfano	1022	2277
Kiowa	144	151
Kit Carson	258	384
Lincoln	124	255
Morgan	538	723
Phillips	275	347
Prowers	632	769
Pueblo	5877	6028
Sedgwick	165	256
Washington	191	312
Total	17660	23125
Total vote	41415	

Besides these counties, there were 10 others in which the vote was rather close, and in which on account of the rapid growth of Republican sentiment, the result of the election remained in doubt until the vote was cast and counted. These 14 counties cast one-eighth of the vote of the state and in a fair apportionment would be entitled to eight representatives and four senators in the assembly.

The names and votes at the last election of these counties are as follows:

	Bryan.	McKinley.
Douglas	650	642
Eagle	943	412
Grand	182	171
Jefferson	2138	1807
Larimer	2456	2343
Logan	582	549
Otero	2206	1916
Weld	3386	2786
Yuma	391	276
Total	12995	10830
Total vote	23694	

It is the purpose of this article to show how the Republican vote in the Republican counties and in the doubtful counties of this state has been submerged and smothered by the fusion assembly. If, as Mr. Sprague says, this was done "for business reasons" in El Paso county, it is only natural to suppose that it was also "for business reasons" that the same thing was done in every Republican county and every doubtful county of the state.

In regard to the senatorial districts:

The Eighth senatorial district is composed of the doubtful county of Jefferson and the Democratic county of Clear Creek.

	Bryan.	McKinley.
Jefferson	2138	1807
Clear Creek	2309	761
Total	4447	2568
Fusion plurality	1879	

The Tenth senatorial district is composed of the doubtful county of Larimer and the Democratic county of Boulder, the latter county already being assigned a separate senator as the result of the

	Bryan.	McKinley.
Larimer	2456	2343
Boulder	5117	2719
Total	7573	5062
Fusion plurality	2511	

The Twelfth senatorial district the Republican vote of the counties of Sedgwick, Phillips, Washington, Logan, Morgan and the doubtful county of Yuma is smothered by the Fusion majority in Arapahoe county as follows:

	Bryan.	McKinley.
Sedgwick	165	256
Phillips	275	347
Yuma	392	316
Washington	191	312
Logan	582	549
Morgan	538	723
Arapahoe	33754	25469
Total	35896	27972
Fusion plurality	7924	

It will be observed that by this arrangement the Twelfth senatorial district the Democrats of Arapahoe county, who are also entitled to six senators as the First district, receive the present of an additional senator in the Twelfth. This county is hardly considered by many a doubtful county. The Republican vote was over, in that county increased from 53 in 1890 to 412 in 1900, and owing to the rapid settlement of the agricultural region of the county, and the excellent work being done by some of the Republican newspapers there, there is every reason to believe that within a short time the vote of the county will be cast for the Republican ticket.

Should this result be achieved it will not affect the constitution of the next senate.

The Thirteenth senatorial district is composed of the counties of Eagle, Grand, Routt and Summit. It will be noticed that Eagle county also is a close or doubtful county, and it has received from the Fusion legislature such treatment as the circumstances seem to warrant.

	Bryan.	McKinley.
Eagle	943	412
Routt		
Grand	182	171
Summit	997	494
Total	2926	1687
Fusion plurality	1239	

The Fourteenth senatorial district is the only surely Republican district in the state. It is composed of the counties of Costilla, Huerfano and Conejos, and these three counties are grouped together for the purpose of reducing the voting strength, wealth and general influence among the counties of the state, is tied to the Democratic county of Teller in the Third senatorial district for no other purpose than to neutralize the Republican majority in this county, and to give to the Teller county Democracy the opportunity to hold six senators safely for their party in the state senate. The district is constituted thus:

	Bryan.	McKinley.
El Paso	6230	7755
Teller	3359	4059
Total	13589	14224
Fusion plurality		

The twenty-eighth senatorial district has been enlarged to accommodate another doubtful county, and now is made up as follows:

	Bryan.	McKinley.
El Paso	6230	7755
Teller	3359	4059
Douglas	650	642
Total	10239	12456
Fusion plurality	3503	

	Bryan.	McKinley.
Logan	582	549
Washington	191	312
Morgan	538	723
Arapahoe	33754	25469
Total	35065	27053

After absorbing so many senatorial and legislative districts it might be supposed that the Denver Democracy would be somewhat weaned, and possibly satiated. To provide against any such possibility in caring for the Republican counties of Lincoln, Kit Carson and Cheyenne, and the doubtful county of Elbert, the remainder of the Boulder Democracy was called in, and the district was constituted:

	Bryan.	McKinley.
Elbert	610	968
Lincoln	124	255
Kit Carson	259	384
Cheyenne	97	
Boulder	5117	2719
Arapahoe	754	25469
Total	36981	30681

	POPULATION	Senators	Representatives
Arapahoe, Dem.	153,017	3	14
Pueblo and El Paso, Rep.	66,050	1	3
Teller, Lake and Las Animas, Dem.	68,898	3	11
Boulder, Dem.	21,554	1	3

So a minimum the effect of the Republican majorities in those counties:

	Bryan.	McKinley.
Costilla	453	884
Huerfano	1022	2277
Conejos	912	1853
Total	2387	5014
Republican plurality	2627	
Total vote	7401	

In contrast with this district, where 5,000 Republican votes and a total vote of over 7,400 are required to elect one senator, there may be placed the Nineteenth senatorial district, composed of the two Democratic counties of La Plata and Montezuma, where a Democratic majority vote of 2,902 out of a total vote of 4,457 elects a state senator.

The Republican county of Archuleta is entombed in the Eighteenth senatorial district:

	Bryan.	McKinley.
Archuleta	201	578
Ouray	1656	610
San Juan	1125	362
Hinsdale	595	230
Total	3411	1780
Fusion plurality	1631	

Eagle county, to which reference has already been made as constituting a part of the Thirteenth Senatorial district, is also included in the Twenty-first senatorial district, which is located down by the counties of Garfield and Rio Blanco.

The Twenty-second senatorial district is another cemetery for Republican counties. Here repose the remains of the Republican majorities of Cheyenne, Lincoln, Kit Carson and Kiowa, together with those of the doubtful county of Elbert. The district is constituted as follows:

	Bryan.	McKinley.
Cheyenne	97	128
Elbert	610	968
Lincoln	124	255
Kit Carson	259	384
Kiowa	144	151
Arapahoe	33754	25469
Total	35018	27013
Fusion plurality	8005	

In the Twenty-second district the Democrats of Arapahoe county, in addition to the six senators in the First district, and the additional senator in the Twelfth district, receive a further bonus of another senator.

In the Twenty-fifth senatorial district three more Republican counties lie buried, and the Democratic county of Las Animas is depended upon to keep them quiet.

	Bryan.	McKinley.
Baca	134	157
Bent	546	569
Prowers	632	769
Las Animas	4204	3832
Total	5517	5327

To those unacquainted with Colorado politics, the majority in this district might seem unsafe, but those who know what can be done by the Las Animas Democracy in a crisis will have no doubt that it can be depended upon to hold down the Twenty-fifth district beyond any probability of Republican redemption.

The Republican county of El Paso, third in population, first in enterprise, and second in

This includes all of the Republican counties of the state, except Pueblo, and all of the doubtful counties as listed above, except Otero and Weld, to which one senator to each is assigned.

The legislative districts in the state of Colorado are not numbered, and it is therefore necessary to designate them by the names of the county or counties of which they are composed.

The two strong Republican counties of Archuleta and Conejos are grouped together:

	Bryan.	McKinley.
Archuleta	391	578
Conejos	912	1853
Total	1203	2431

Conejos is also made a legislative district by itself, so that the 1853 Republicans of that county control two votes in the legislature.

The two Republican counties of Bent and Kiowa are made a district.

	Bryan.	McKinley.
Bent	546	569
Kiowa	144	151
Total	690	720

The two Republican counties of Costilla and Huerfano are grouped together:

	Bryan.	McKinley.
Costilla	453	884
Huerfano	1022	2277
Total	1475	3161

The great Republican county of El Paso, which gave the largest Republican vote of any county in the state, the largest Republican majority of any county in the state, and which is regarded, at least by its own people, as the foremost in enterprise, intelligence and everything that is most valuable in building up a state and making its power and influence felt in the nation, is entirely deprived of representatives in the assembly. It is joined in a district with the strong Democratic county of Teller for the purpose of giving to the Teller county Democrats the selection of the six representatives of the district in the legislature. The figures for this representative district are the same as those for the Third senatorial district and are given above.

The Republican counties of Prowers and Baca are joined with the Democratic county of Las Animas.

	Bryan.	McKinley.
Prowers	633	769
Baca	134	157
Las Animas	4204	3832
Total	4971	4758

The Republican counties of Sedgwick and Phillips and the doubtful county of Yuma in the matter of legislative representation are turned over to the Arapahoe Tammany organization.

	Bryan.	McKinley.
Sedgwick	165	256
Phillips	275	347
Yuma	392	316
Arapahoe	33754	25469
Total	34584	26388

Another meal for the Denver Tammany Tiger is provided by the doubtful county of Logan and the Republican counties of Washington and Morgan:

It should be noted that Boulder already constitutes a legislative district by itself with two representatives, and that another legislative district is composed of the two counties of Boulder and Arapahoe, to which one representative is assigned.

In Arapahoe county, 33,754 Democrats will elect six senators in the First district, and they will control the election of one in the Twelfth and of one in the Twenty-second district, or eight altogether. The Democratic plurality of 8,300 in this county is so managed as to secure the election of eight senators, or nearly one to each thousand.

In Arapahoe county, 33,754 Democrats will elect 11 representatives and they will control the election of one other representative with Sedgwick and two other counties, one other representative with Elbert and four other counties, and one other in conjunction with Boulder county. This is a total of 14 representatives which the Democratic plurality of 8,000 in Arapahoe county may nominate and elect.

In Teller county 3,359 Democrats will elect two senators in conjunction with El Paso county, and one more senator in conjunction with Douglas counties, and one more senator with Pueblo and Fremont counties. Thus the Democratic plurality of 5,000 in [illegible] county is made to secure the election of four Democratic senators.

In Teller county 9,659 Democrats elect six representatives in conjunction with El Paso county, and the Democratic plurality of 5,000 votes in Teller county is expected to safeguard the election of six Democratic representatives in the legislature.

The case of Pueblo county deserves a chapter by itself. This is the second largest county in the state, and it should be entitled to corresponding representation in the state legislature. Unfortunately, however, it gave a majority for the Republican ticket last fall and it has been punished accordingly. It forms the Second senatorial district for which it receives one senator. In the Twenty-seventh district it is united with Custer county, in which the Democratic plurality more than offsets the Republican plurality in Pueblo, the figures being:

	Bryan.	McKinley.
Pueblo	5877	6028
Custer	770	510
Total	6747	6538

The Republican majority in Pueblo is further dissipated by the creation of a Twenty-ninth senatorial district, which is composed of the counties of Pueblo, Fremont and Teller:

	Bryan.	McKinley.
Pueblo	5877	6028
Fremont	3094	2572
Teller	9659	4639
Total	18630	13239

Let us see now what has become of the 23,000 votes that were cast for President McKinley last fall, and how much representation they will be given in the state legislature.

The Republican minority in Democratic counties cannot under our system of representative government, which does not provide for minority representation, expect to have any part in the state legislature, but the 23,424 Republican votes that were cast in the 17 counties in which the Republicans had a majority, under any apportionment that has the slightest claim to justice and fairness, should secure reasonable representation in the state legislature.

The population of 68,898 persons in 10 counties in which the result was in doubt on election day under any fair system of apportionment should be given the same treatment as is given to an equal number of persons in safely Democratic counties.

The following table shows how the Republican counties and the doubtful counties have been treated by the Fusion legislature:

	Rep. Votes.	Sen. ators.	Representatives.
Archuleta	578		1
Baca	737		
Bent	569		
Cheyenne	128		
Conejos	1853		2
Costilla	884	1	
El Paso	7755		
Huerfano	2277		
Kiowa	151		
Kit Carson	384		
Lincoln	255		
Morgan	723		
Phillips	347		
Prowers	769		
Pueblo	6028	1	3
Sedgwick	256		
Washington	312		
Total	23424	2	7
Doubtful Counties			
Douglas	642		1
Eagle	412		1
Elbert	626		
Grand	171		
Jefferson	1807		1
Larimer	2343		1
Logan	545		
Otero	1913	1	1
Yuma	316		
Weld	2786	1	2
Total	11565	2	7

To summarize the results accomplished by the reapportionment bill as passed by the late Fusion legislature, 17 Republican counties with a population of 108,333 have 2 senators and 7 representatives; 10 doubtful counties with a population of 64,795 have 2 senators and 7 representatives; 29 Democratic counties with a population of 366,572 have 31 senators and 52 representatives in the legislature.

The numerical basis of representation for senators in Republican counties is 54,166, in doubtful counties it is 32,397, in Democratic counties it is 11,825.

The numerical basis of representation for the lower house of the assembly in Republican counties is 18,055, in doubtful counties it is 9,265, in Democratic counties it is 7,049.

The county of Arapahoe with a population of 153,017 controls the nomination of 3 senators and 14 representatives.

To the two Republican counties of Pueblo and El Paso, with a total population of 66,050, are allotted 1 senator and 3 representatives.

The three Democratic counties of Teller, Lake and Las Animas, with a total population of 68,898, control the nomination and election of 3 senators and 11 representatives.

This may be "business" according to the opinion of the Fusion legislature, but it is flagrant injustice and a violation of the principles of free government none the less.

Democrats may claim in apology for their outrage upon the people of this county that they have increased the representation in accordance to the population, while preserving the boundaries of the old district, but the fact remains that El Paso county Republicans, being a majority in this county, will have no senators or representatives in the next legislature, unless the political situation changes greatly. And the district is also so arranged that the Democrats of El Paso county can nominate no candidates, either to the senate or to the house of representatives, until their choice is approved and indorsed by the Cripple Creek Democrats.

And it is a further fact that this same sort of an outrage, to a greater or less extent, has been perpetrated upon the people of every Republican county in the state.

The next Democrat running as a candidate for county office upon a Democratic ticket that asks you, a Republican, to sacrifice your party principles and to vote for him upon personal grounds, ask him in return:

Are you a member of the party that disfranchised the county of El Paso, and tied it for legislative purposes to the coat-tails of the Teller county Democracy?

If you are, what business have you to ask for the vote of any self-respecting or intelligent voter of this county, much less of any Republican?

If you are not a member of that party, what right have you to accept a nomination from the Democratic convention, to run on the Democratic ticket and to conspire for the success of the Democratic party in county, state and nation and do what you can to secure the fruits of that outrageous reapportionment bill to the party that is responsible for it?

So much for reapportionment.

It has taken more space than desirable, though not more than its importance warrants. Tomorrow it will be something else.

Y. W. C. A. HAD MANY VISITORS

It can stop one heart from breaking,
I shall not live in vain;
If I can ease one life the aching,
Or cool one pain,
Or help one fainting robin,
Unto his nest again,
I shall not live in vain."

Any woman who has experienced what it is to arrive unannounced, alone, friendless, in a strange city, where there is none that know nor care that this is so, will appreciate what it means to find a home in readiness for them such as is now provided by the Young Women's Christian association of this city. Ever since the temporary home was established many who have needed "but the ray of heaven's sunshine or of human love," "not alms, but a friend," have been inexpressibly cheered and strengthened to meet what ever came to their lives, by the shelter and environments of the Y. W. C. A. home.

Soon, the modest quarters which the association first ventured to lease were entirely inadequate to accommodate those who so eagerly availed themselves of the privilege of becoming members of the Christian household. Then for months a house committee fruitlessly searched about for a suitable building. Finally, through the advantageous terms offered by Mrs. Bullock, her residence, 27 North Weber street, was secured and prepared for the occupancy of the Y. W. C. A.

After rather extensive alterations and additions, the home was in readiness, and yesterday witnessed the "housewarming," indeed a momentous and joyous event for all who had so tirelessly stayed by until its completion.

Between the hours of 4 and 6 and 8 and 10 p. m. there was a constant stream of callers. One not familiar with the place would have judged that there was an afternoon tea in progress for the quiet exterior and cosy apartments within were far removed from any appearance other than a hospitable home, as indeed it is.

Mrs. M. T. Hatch, the president, Mrs. W. Goddard, Miss Brinley, Mrs. W. F. Slocum, the vice-presidents, received in the pretty parlor. The assisting ladies were Miss Dorsey, Mrs. W. W. Williamson, Miss Warren, Mrs. A. J. Peavey, Mrs. C. A. Eldredge, Mrs. Butler Williamson, Mrs. Stephen Wright, Mrs. J. B. Gregg, Mrs. A. M. Ripley, Mrs. Benjamin Brewster, Mrs. C. E. Noble, Misses Landers, Wyatt, Coburn, Mrs. Hobbes.

The house was beautifully decorated with many beautiful American Beauty roses and chrysanthemums, of varied colors, also potted plants. All these were sent with the compliments of the florists, Crump, Clark and Smith; also from "Glen Eyrie."

In the dining room the following ladies served in turn at the tastefully decked tea tables: Mrs. C. C. Hemming, Mrs. M. De Ormes, Mrs. Philip Washburn, Mrs. William Strieby and Miss Hattie Stewart.

During the afternoon Mrs. W. W. Rice presided at the piano and by her brilliantly executed solos added materially to the enjoyment of the guests.

At evening delightful piano music was rendered by Miss Etta Strand and fine cornet solos by Miss Grace McLean.

Among those present were: Rev. and Mrs. James R. Gregg, Rev. and Mrs. Benjamin Brewster, Rev. and Mrs. F. N. Cannon, Rev. and Mrs. A. H. Scott, Mesdames G. S. Barnes, John Lennox, William Lennox, T. P. Day, F. A. Mueller, Martin, Costello, Ashton, S. E. Solly, P. B. Stewart, Downs, Kennedy, Skinner, W. S. Nichols, Brigham, V. E. Rouse, Robbins, Guy, J. R. Robinson, Misses Tripp, Barnes, Hutchings, Dr. Beeler.

Each person on being escorted through the house was loud in praise of the faultless appointments. Through the generosity of interested friends and liberal discounts by merchants, the management has been enabled to fit up the house with new and excellent furniture, not expensive, but durable and exactly suited to the place. Throughout, all is in thorough keeping with the intention of having every available comfort and convenience.

There are cheerful body Brussels rugs, bordered with cherry finished floors as highly polished as is possible. The bedroom sets include either brass trimmed white enameled bedsteads or roomy chintz-covered cots and at the windows are dainty draperies such as delight and rest the weary. Besides each room is gay with those pretty feminine belongings of pictures, plants, etc., touches that make individuality of atmosphere, the "homey" feeling so dear to every woman's heart.

Although there are accomodations for thirty it is easily to be seen that for all who desire to become members of the Y. W. C. A. household, there is inadequate provision even now for the present family numbers 28.

In the immediate future larger quarters must be had. The management were very provident in selecting their present property having an eye to the future needs so there is ample room to erect other buildings as funds flow into the treasury of the association.

A commodious tent has been placed on the lawn expressly for those who are ill. If the case proves a serious one the afflicted person will be removed with tenderest care to the hospital.

The prices for room and board are $4.00 per week or $1.00 per day, for transients, with no difference in price on account of location of room. The rooms are large, by the way, so each one has two or three beds in them now. None who desire accommodations are ever sent away unless there are none to be had. Often it happens that a most worthy woman becomes stranded, no work and no money. In such cases the superintendent, who is a most sympathetic, yet discriminating woman, bids her hearty welcome at the home, procures the employment needed and afterwards payment of back indebtedness is received at the convenience of the one assisted.

A new departure and one that meets with great favor among self-dependent women is the serving of meals to those who wish them.

The prices are $3.50 per week or 25 cents for a single meal. The dining room is large, light and airy and all the furnishings compare favorably with first-class restaurants while the cooking is such as "mother used to have."

Among the valued philanthropies so splendidly nurtured in this favored city none has more friends and well wishers than the Young Women's Christian association and the future holds much of promise for the work and the workers.

Jumped on a Ten Penny Nail.

The little daughter of Mr. T. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well-known merchant of Folkland, N. C. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

Mothers everywhere praise One Minute Cough cure for the sufferings it has relieved and the lives of their little ones it has saved. Strikes at the root of the trouble and draws out the inflammation. The children's favorite cough cure. Hefley-Arculariua Drug Co.; C. E. Smith, 117 S. Tejon street.

"I had long suffered from indigestion," writes G. A. LeDeis, Cedar City, Mo. "Like others I tried many preparations but never found anything that did me good until I took Kodol Dyspepsia Cure. One bottle cured me. A friend who had suffered similarly I put on the use of Kodol Dyspepsia cure. He is gaining fast and will soon be able to work. Before he used Kodol Dyspepsia cure indigestion had made him a total wreck. Hefley-Arculariua Drug Co.; C. E. Smith, 117 S. Tejon street.

NEW INCORPORATIONS. There were two Colorado Springs incorporations filed with the secretary of state yesterday, the first was the Telegraph-Record Printing company. This will have a life of 20 years and is incorporated for $150,000. Lewis Gaylord, E. G. Reinert and N. A. Reinert are the incorporators. The second company is the Colorado Springs Polo association. This association is formed for the purpose of engaging in, promoting and developing the game of polo. It will have a board of 3 managers, but W. K. Jewett, J. L. Anderson and Clark Mullen will constitute the board of directors.

AUXILIARY MEETS. The Woman's auxiliary to the Y. M. C. A. will meet this afternoon at 4:30 at the Y. M. C. A. hall. Besides a detailed consideration of the plans for the Thanksgiving dinner, some scheme will be brought forth whereby the auxiliary can raise funds with which to furnish the new building. All women interested in the work of the Y. M. C. A. are invited to be present.

BUFFALO AND RETURN, $42.50. Buffalo and return $42.50; daily until October 31. Return limit 30 days. C. C. Hoyt, City Passenger Agent.

Burlington Route

There's an Observation Car

on the rear of the Chicago Special—the Burlington's famous "one night" train from Denver to Chicago.

Inside, it is very similar to the library car formerly in service on this train. It has a writing desk and easy chairs. The popular monthlies and illustrated papers are at hand, and there is a buffet where one can secure almost anything he wants in the way of refreshments.

The observation platform on the rear adds greatly to the train's appearance. It is convenient, too—just the place in the world to sit and chat and look at the scenery.

Omaha and Chicago trains leave Denver at 1:00 p. m. and 10:00 p. m. Address City Ticket Office, 1039 Seventeenth Street, or Depot, Seventeenth and Wynkoop Streets, Denver, Colo.

Tickets at Offices of Connecting Lines.

TO WORK THE DUMPS

New Corporation Organized for the Special Purpose—Shipment From the Trachyte—Some Details of the October Output.

[illegible] Cripple Creek, Nov. 1.—Messrs. [illegible] & Stinchfield, with [illegible] Brown and [illegible] dump, have incorporated the Mesa Mining company under the laws of Colorado. The purpose of the corporation is to work the dumps about the camp. The officers of the new company are Job P. Lyon, president; A. J. Mc[illegible], vice president; [illegible] secretary; A. W. Powell, treasurer, and R. H. Strickland, general manager. The directors own all the stock none of which will be offered to the public. The work of erecting the ore house on the Elkton property has commenced and by next week it is expected to be in operation steadily by the first of the week.

Lewis White, working a block of the Trachyte property, sent out a shipment yesterday which is expected to return an average of $6 to the ton. The ore body in the Trachyte level is held down to a small extent by the leases and not all discouraged by this condition, as it is peculiar to the property. The shoot is wide one day and narrow the next.

The output for the month of October from the Peterson and Vindicator on the Christmas on Bull hill is not over large.

The operations for the future have not yet been decided upon by the lessees but it is probable that the shaft will be sunk in the neighborhood of 200 feet at an early date.

A. D. Kenyon and associates, leasing a block of the Atlanta of the Elkton & Cripple Creek company, have good indications of pay ore in the east cross-cut.

The lateral was run for the purpose of locating the extension of the ore shoot of the Deadwood No. 3 and it looks as if that vein has just been entered. In the bottom of the [illegible] are [illegible] ore, which would indicate that the ore shoot is nearby.

CENTRAL LESSEES SHIP TWO CARS

They Have Developed a Good Body of Low Grade Ore North of Their Shaft—Mine Facilities Much Improved.

Mills and associates, leasing on the Happy Thought claim of the Central Consolidated company, made a shipment of two cars of ore yesterday which is reported to run between $15 and $18 in gold to the ton. The lessees have been getting out a good amount of this grade of ore, but the present consignment is made up of ore from another portion of the mine. A drift has been run for something like 100 feet north of the shaft at the 300-foot level and a new body of ore has been opened. Altogether the lessees have a large amount of this grade in sight.

Since the connection was effected between the Central and the Independence shaft, the lessees have had one continuous shift to a depth of 300 feet, so that the mine can be worked entirely from the surface which means a considerable saving over the old manner in which the ore had to be got to the bottom level, but it is the intention of the lessees to sink deeper in the near future. As they have gone down the values have improved, in quite an extent, and it is thought that with depth a body of ore will be developed which will average higher.

GOULD MAKES TWO GOOD STRIKES

One Body of Very Rich Ore Opened by Sub-lessee May and Lessee Riley Has a Good Body of $40 Ore in Another Vein.

[illegible] and associates, sub-leasing on a portion of the Rhinoceros claim of the Gould company, have lost sight of a body of ore in what appears to be gold formation which is believed to be the extension of the ore body [illegible] years ago by Vanatta & Saunders. [illegible] in this section of the camp has been found on this claim and an extremely rich streak of ore was opened by Vanatta & Saunders, the downward extension of which never could be located.

[illegible] from Mr. Gilley, who has been working the claim for a couple of years, [illegible] of the Nil Desperandum claim, after some work from an old shaft, re-opened a vein which carried very rich ore.

An officer of the company yesterday took a sample of 14 inches of the vein [illegible] which assayed 40 ounces in gold to the ton. [illegible] 30 ounces ore from [illegible] ore running about a foot [illegible]

Mr. Riley on another portion of the claim has developed a good body of ore in a vein running [illegible] of the Doctor vein. It is believed to be parallel to the Doctor vein. The ore is averaging $40 to $60 to the ton.

[illegible] Riley and associates, operating [illegible] of the Pinto of the Free Coinage company, have made a $1,000 shipment from their workings, and a force is in charge. The ore is running about $30 to the ton which has been opened well in the upper levels.

Harris and associates, operating [illegible] of the Pinto of the Free Coinage company, have made a $1,000 shipment from their workings, and a force is in charge. The ore is running about $30 to the ton which has been opened well in the upper levels.

[illegible] and associates, operating [illegible] of the Pinto of the Free Coinage company, have made a $1,000 shipment from their workings, and a force is in charge. The ore is running about $30 to the ton which has been opened well in the upper levels.

HAWKEYE GOLD MINING CO.

As [illegible] are being made by certain persons in France to sell stock in the [illegible] company, [illegible] ments are being made for the purpose of inducing investment in the stock, the Gazette has been asked to publish some facts concerning the company. This will now be done according to the mining editor's best knowledge and belief.

Having had the typewritten statements, which have in French translated, it would seem that the most glaring misrepresentations are being made to [illegible] the sale of the stock. [illegible] is not exaggerated, but in all probability is extraordinarily high as compared with the intrinsic and prospective value [illegible] The [illegible] output for the month of October [illegible] of ore [illegible] the Doctor Jack Pot [illegible] the bottom level [illegible] the [illegible] of operations [illegible] being confined to stoping up the ore [illegible] the lessees to sink deeper in the near future. As they have gone down the values have improved, in quite an extent, and it is thought that with depth a body of ore will be developed which will average higher.

PROSPECT AND OTHER STOCKS ON 'CHANGE

A set of resolutions were passed on Thursday by the Colorado Springs Mining Stock association which expressed the sentiment of the members that oil stocks representing companies in the vicinity of Colorado Springs should not be listed upon the mining exchange board. This would seem to be a rather [illegible] to adopt and cannot be considered as anything but a [illegible] industry, and the classifying of same at a very low value. There is [illegible] no certainty that oil in a commercial quantity will be discovered north of our city but should oil has been discovered and the geological conditions there are good. Therefore the prospects are good and for all that is known now there is no reason why there should not be as good an oil field north of Colorado Springs as there is at Florence, less than thirty miles away.

The situation presented by this prospective oil field and any companies which may be formed to drill on the land is exactly the same as thousands of companies organized to prospect for metalliferous ore in Cripple Creek or other mining camps. The large percentage of companies listed on the mining exchange there [illegible] and who is to say that there is any greater chance for these companies [illegible] encountered by the [illegible] operating north of the city.

In the conduct of the mining stock association the cry for greater broadness has lately become more and more general. The governing bodies of the exchange have made some slight effort to broaden the business but it has been adopted and carried out in a miserably [illegible] fashion. Outside companies have been invited to list on the exchange but because they were not of the Cripple Creek mould they have been obliged to furnish a satisfactory [illegible] before they were considered fit for listing. Why the [illegible] companies should be handicapped with this extra expense in favor of the Cripple Creek company is difficult to realize but such, unfortunately, is the case and it certainly will not help the efforts to broaden it [illegible] necessary.

[illegible] stocks, with every effort of the exchange to discard and promotion or stock of a [illegible] nature, [illegible] we believe in these efforts being [illegible] with [illegible] still a wide discretion. Honest and legitimate properties, even where the indications are good, may fail, for in mining we cannot count on certainties. Fairness can, and the mining exchange should and does, command honesty and legitimacy. The resolutions of Thursday prohibit the listing of any oil stock representing the prospective northern oil field whether it is [illegible] mate or honest or has good prospects or not. It is true that subsidiaries might be started, but it would seem that there should be some distinction between a legitimate and an illegitimate promotion. The governing bodies of the exchange are able to discriminate from among the hundreds of prospective mining companies offered for listing and certainly are capable of acting upon any oil companies [illegible] with [illegible] presented. If they are willing to do so, let them be encouraged in all reasonable manner, but at the same time let any person [illegible] be absolutely [illegible]

MINING NOTES AROUND TOWN

Mr. L. E. Hill, secretary of the Golden Cycle company, announced yesterday that the crosscut which was recently started from the station in the ninth level of the mine to open the Harrison vein had just cut the lead and found good ore. This is the most important development [illegible] operations of the property. The development of a large body of ore at this depth will mean an extensive block of stoping ground, and big shipments in the future. Crosscuts have also been started to open the Revenue Cutter at the same depth. The ninth level is 760 feet below the surface and has been practically not explored at all.

MR. DE LA VERGNE TALKS OF ELKTON'S STRIKE.

Mr. De La Vergne, the well known mining engineer of this city, and the Vice President of the Elkton company, has returned from a trip to the mine. He made the visit to the mine for the [illegible] that has been recently made. In [illegible] Mr. De La Vergne stated that the strike is all that it has been reported to be. It makes a mighty fine cut on the [illegible] and should add as much as one-fourth of the present value of the stock. The cave heretofore reported is located on the contact between the granite and the underlying [illegible] and this [illegible] fact appears to be of a great deal of importance to mining in Cripple Creek. [illegible] holes and there is taken to be a very good indication.

SHIPMENTS SENT OUT FROM TWO WORKINGS.

The output from the Doctor Jack Pot consolidated is on the increase. Five broad-gauge carloads that will average at least $30 a ton were sent out yesterday.

[illegible] & Co. the lessees on the Empire No. 3 will send out a 15-ton shipment [illegible] on which is estimated to run about 2½ ounces to the ton. They reached a depth of [illegible] and which has proved the ore shoot to be continuous to that depth.

BIG PRODUCTION FROM AJAX DEEP WORKINGS.

The Ajax mine on Battle mountain is now producing from 25 to 30 tons of ore daily, and if reports are correct, has immense ore reserves in sight. Between the [illegible] and [illegible] feet levels the ore body is fully 15 feet in width, and carries a remarkable average of from $20 to $30 a ton as it is broken by the machines. It was reported, [illegible] that an [illegible] share had been tendered Messrs. Colburn and Tousley for the control.

The Little Frank S. company is getting very encouraging results in the winze that is being sunk from the 100-foot level to prove up values in the [illegible]. There is now a pay streak about six inches in width in the winze, the [illegible] that above the minimum stoping [illegible] and the ore [illegible] saved from this part of the mine. When work was first commenced in the winze the pay streak was very narrow, not measuring much over an inch in width. The winze has been sunk for a depth of 20 feet below the level.

Corn-huskers' [illegible] wrists, barbed wire cuts, bruises, bites, severe lacerations and external injuries of any kind are promptly and happily cured by applying BALLARD'S SNOW LINIMENT. Price, 50 cents. Hedley-Arguthus Drug Co.

ALL WRONG

The Mistake is Made by Many Colorado Springs Citizens.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is [illegible]

Backache is kidney ache.

You must cure the kidneys.

A Colorado Springs resident tells you how this can be done.

Mrs. E. P. Kennedy of 116 North Pikes Peak avenue says: "If exposure to Colorado Springs' [illegible] from kidney complaint, backache or any of the consequences which accompany that far too prevalent annoyance receives as much benefit from the treatment prescribed by Doan's Kidney Pills as I, they will not only recommend them to the public but they will advise everyone they meet to call at Jones & Wellington's drug store, 120 N. Tejon street, buy a box, take it according to directions and they will be surprised at the results.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's and take no substitute.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, Nov. 1. The market today manifested even more interest than it did on the day before. There was a better demand for shares of stocks, and those which led most on the day previous made new gains. The most striking characteristic of the market was the readiness to good news. The death of Gould and Crippin Creek regulated, two stocks in which there usually very little trading, was a confirmation of the fact that if there is any especial reason for buying there is plenty of money waiting to take them. Elkton was a strength again the demand buying somewhat lighted, and the supply continuing quite as heavy as before. The shares sold at $1.81½ in the morning, but on the second call of the day they sold down to $1.78. The tone was very strong at 5½, due to good progress made in the mine and the excellent way in which the large pump is handling the water. The stock sold as low as 65¾ at one time during the day. Cripple Creek Consolidated was the feature of the curb in the morning, selling quite actively up to 6¾, and in the afternoon should record a sensational advance to 7¾, a gain of a cent over yesterday's price. Mollie Gibson developed surprising weakness again, selling at 10. Vindicator continued in good demand around $1.25. Among the lower-priced stocks there was very little of interest to be observed. Midway closed low at 4, and there was some demand for Pappoose in the afternoon. Sedan closed at 6¾.

EASTERN MARKETS

By Associated Press.

New York, Oct. 1.—The prevailing unsettlement of speculative sentiment was well illustrated by the widely diverse opinions expressed as to the effect of the renewal of the government bond purchases by the treasury. The wavering sentiment shifted somewhat in the optimistic side late in the day, when it became known that the offerings of bonds at the sub-treasury already amounted to $1,238,000; thus promising considerable relief to the money market. It was urged this morning that the action of the secretary of the treasury might be taken as a warning of stringent money conditions to come, although the month's surplus revenues of $9,301,952 compared with a surplus last October of only $3,651,067, gave sufficient ground for the outlay in bond purchases without any regard to extraneous circumstances. It was also argued that the release of the idle funds simply tends to facilitate the exports of gold. The closings of the London and Paris exchanges today served to obscure somewhat the question of the foreign situation and gave opportunity for a number of favorable incidents to work with cumulative force. The result was a rather animated buying movement in the last hour, which turned the market strongly upward and left prices at the top level of the day. A few stocks show striking gains and the leaders in activity are a point above yesterday in a number of cases. Baltimore & Ohio was conspicuous in the late dealings and it rose 2¾ without definite news. Pennsylvania had the benefit of the extra dividend declaration, thus making the return to stockholders 6 per cent for the calendar year or the same as last year. The preliminary figures of the movement of cash disclosed the fact that the currency of the interior movement had turned toward New York, the net gain as a result of direct express shipments amounting to $1,630,577. The statement of sub-treasury operations includes in its net the payments on account of gold at Pacific coast points, the transfers of currency through that institution and the withdrawals of gold for export which effect a loss to the banks of $5,925,000. The loss in cash by the banks on all accounts seems therefore to be something over $2,000,000 for the week. The easy condition of the money market and the action in the stock market had the effect of bringing out a good deal of stock on the rise, and the total sales were 1,000,000 shares.

Bonds were dull and unchanged.

Chicago Grain and Provisions.

By Associated Press.

Chicago, Nov. 1. An easier feeling displacing the recent urgent demand for corn brought lower prices in dull grain markets today, and December wheat closed ¾c lower, December corn ¾@⅞c depressed and December oats ⅜c down. Provisions closed 2½@5c higher to 5c lower.

The trading futures ranged as follows:

	Open.	High.	Low.	Close.
Wheat, No. 2—				
November	70½	70¾	69¾	69¾
December	70¾	71¼	70¼	70¼
May	73¾	74¼	73¾	73¾
Corn, No. 2—				
November	53¾	53¾	53¼	53⅝
December	53¾	53¾	53¼	53⅝
May	50¾	50¾	50¼	50¼
Oats, No. 2—				
December	27	27	26⅝	26⅞
May	29¼	29¼	28¾	28¾
Mess pork, per bbl—				
January	14 97	14 97	14 90	14 90
May	15 02½	15 10	15 00	15 00
Lard, per 100 lbs—				
November	8 02½	8 05	8 02½	8 05

The Metal Market.

By Associated Press.

New York, Nov. 1.—The general situation in the metal market remains unchanged. Trading was very slow again today and price changes were few and far between. Tin was dull and unchanged at $24.75@25.00, while per London values eased off 10s to £113.5s for spot and £107 12s 6d for futures. Copper locally was quiet at $16.50@17.00 for lake and 16¾@16¾c for casting and electrolytic. At London values continue to advance, being 5s higher again today with spot quoted at £65 5s and futures at £61.7s 6d. Exports of copper during October were 7,751 tons against 13,196 tons last year; for the past 10 months aggregated 77,415 tons as compared with 133,500 tons for the same period last year. Lead at New York dull at $4.37½ and at London £11 8s 9d. Spelter was quiet at home and abroad, closing at $4.37½ and £16 15s respectively. Domestic iron markets were dull and unchanged. Glasgow iron warrants closed at 64s 11d and Middlesboro at 44s 6d.

In anaemia and most women's ailments the digestion is weak, the making of color, flesh and strength out of food is imperfect so that the patient is weak, wan, nervous and dyspeptic. This condition can be corrected by taking a course of HERBINE. Price, 50 cents. For sale by Hafley-Arculatius Drug Co.

A Daily Nuisance

A Simple Remedy Which Will Interest Catarrh Sufferers.

In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later the disease extends to the throat, bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stoppage of the nostrils, irritation in throat, gagging, coughing, sneezing, gargling and frequent clearings of the throat and head.

The usual treatment by local douches, snuffs, salves, etc., often gives temporary relief, but any thing like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Sanguinaria, Hydrastis, Pilocarpol and similar cleansing and antiseptics which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are pleasant eating lozenges, taken after meals, allowing them to dissolve slowly in the mouth, in this way they reach the throat, larynx and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, but this is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficient. However, when there is much stopping of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bement states that the internal treatment for catarrh is rapidly taking the place of the old plan of douching, and local application, and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet.

Druggists sell Stuart's Catarrh Tablets at 50 cents for full-sized packages. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.

BANK CLEARINGS.

New York, Nov. 1.—The following table, compiled by Bradstreet, shows the bank clearings at principal cities for the week ended October 31, with the percentage of increase and decrease compared with the corresponding week last year:

		Inc.	Dec.
New York	$1,179,252,605		22.6
Chicago	157,360,647	29.8	
Boston	120,731,464	12.1	
Philadelphia	111,884,749	35.6	
St. Louis	41,000,871	9.1	
Pittsburg	37,613,351		2.0
Baltimore	23,534	31.8	
San Francisco	20,555,876	17.7	
Cincinnati	18,899,650	21.6	
Kansas City	9,477,021	5.4	
Minneapolis	8,733,747	21.7	
Denver	8,227,497		3.6
Salt Lake City	4,168,939	56.1	
Colorado Springs	925,181	11	
Totals, U. S.	$2,035,135,973	5.7	
Outside N. Y.	799,993,367	9.6	
Totals, Canada	35,066,911	16.1

BRADSTREET'S REVIEW.

By Associated Press.

New York, Nov. 2. Bradstreet's tomorrow will say:

The complaints of car shortages are repeated this week in even greater degree. At best, however, this is only a negatively unfavorable circumstance and is the best of proof that an enormous volume of business is doing throughout the country. Unseasonable warm weather is complained of as interfering with or checking retail distribution of clothing, shoes and other fall and winter goods and dulling the usual reassorting demand from jobbers east and west. The holding off of killing frosts at the south (it is now one week behind the average date) has benefited the crop prospects, but, coupled with immediate receipts has induced a raising of estimates and lowered prices 3c for the week.

Wheat has felt the influence of heavy movement of grain at the northwest, heavy increases in visible supply in Manitoba and rather less critical advices from Argentine. In addition, the stories of dullness and depression in the export business have affected trade, though it is to be noted that wheat and corn shipments together since July 1 are heavier than a year ago. To smaller export shipments of cotton, of iron and steel, ends to an over supply of [illegible] is probably due the depression in ocean freights prevalent for months past. Hog products are lower. It is claimed, because of packers manipulating the hog market, but the recent high prices appear to have checked consumption.

Among the staples advancing corn is prominent, though held down slightly by wheat. A large short interest is said to exist in that grain and wet weather and good buying have stimulated prices of that product and oats.

The woolen goods situation is in good shape and the manufacturers have bought freely, sales at Boston alone amounting to 15,000,000 to 20,000,000 pounds. No particular change in iron and steel to report, though the tendency of home prices is stronger, prompt shipments in some cases being 10 cents per ton premium.

Talk of advancing steel rails $1 to $2 per ton for next year's delivery is also heard. Steel billets are scarce at Pittsburg and prompt deliveries bring $27 to $28. In unfinished products, bar iron, sheets, plates and structural material are in unprecedented demand at Chicago. A phenomenal demand for structural material is noted at Pittsburg. Copper maintains its former strength, in accordance to restrict production being reported among the great interests.

Wheat, including flour, exports for the week aggregate 6,672,588 bushels, as against 4,962,134 bushels last week and 3,612,421 bushels in this week last year. Wheat exports, July 1 to date (17 weeks) aggregate 106,729,273 bushels as against 62,870,290 bushels last season.

Failures in the United States for the week number 272 as against 207 last week and 165 in this week a year ago.

Canadian failures for the week number 17 against 16 last week and in this week a year ago.

SATURDAY, NOVEMBER 2ND.
CRIPPLE CREEK EXCURSION.

CLAIRVOYANT

MADAME GUSTAF, Palmist, Astrologist and Spirit Medium, draws aside the mysterious beyond. She can convince you that our spirit friends do return with comforting messages. Do you wish to know? In fact you should know; it you will make no change in business, if you will wait your lover will come, if your domestic troubles will end, if you will obtain your ambition, if you are loved, what business you should follow, where to invest in business, if you will succeed in your love affairs, come and get the dark clouds lifted off from your aching heart. No heart so bad nor home so dreary but can be revealed. Come and see the world-recognized, if others have failed to tell you I will reveal. 125 E. Pike's Peak Ave.

FOR SALE REAL ESTATE

SPILLANE-KEARNS REALTY CO.
We must be all right, for the houses we are building seem to please everyone's taste that visits them.
The idea of an upstairs parlor, the "freedom" balcony on the second floor, the nice cream frog pieces, the Chinese, bizarre touch in the design, the buffet kitchen, the ivory bath rooms—all these new ideas are taking and we have more clever things up our sleeves. Come out and see what we have. Wood ave. and Washington st.
And we have lots in all parts of the town on which we will build you houses to suit from your own plans and we will make you plans to suit. We don't ask one cent until we finish the house then we will arrange for mortgage or cash. Our prices will be just as low as it is possible to make them, and have a 10 per cent. business profit. We have 5, 6, 7, 8 and 9-room houses now all finished in the north and west ends. Call at Wood ave. and Washington st. and see our Mr. Spillane, or send postal box 1074, and arrange appointment and we will send carriage.

WEATHER FORECAST.

By Associated Press.

Washington, Nov. 1.—Forecast for Colorado: Fair Saturday. Sunday, rain or snow and partly cloudy with warmer; mountain storms; shifting to northwesterly.

Music in Denver Dressed in Lace.

Seats reported. Wheeler Peak.

Crushed people wear Arden cream.

WOMAN'S LITERARY.—The Woman's Literary club will meet this afternoon at the residence of Mrs. A. C. Rogers, 31 North Tejon street.

Have you seen Brisco's Bureau?

FREE READING MATTER.—A number of good reading matter can be had free by calling on Saturday afternoon at Foltz & Hardy's book store, No. 8 South Tejon.

division of part of block No. 218 was filed for record yesterday in the office of the county clerk. The subdivision contains 35 lots.

An artistic souvenir. Burton Burres.

ANNUAL MEETING.—The annual meeting of the Y. W. C. A. of Colorado Springs will be held at 127 N. Weber street, Monday, Nov. 4th, at 3 p. m.

BRYANT DAY.—The Monday Express cuts were sold all open meeting at the home of Mrs. Ann E. Reese, 30 E. Pike's Peak avenue, Monday, the 4th. It will be Bryant day.

BANK CLEARINGS.—The Colorado Springs bank clearings for the week ended October 31, as reported by the Wall street, were $395,184, a decrease of 11 per cent, over the corresponding week last year.

This is news. Will Brisco's Bureau.

PROHIBITION MEETING.—Arrangements have been made by the Prohibition league to hold a meeting at Markham's in the Congregational church tonight, for Judge A. Silverstein and others of this city will speak.

REPUBLICANS AT FOUNTAIN.—The Republicans at Fountain are preparing to give the candidates a grand rally tonight. All the candidates are going down, accompanied by many of their friends. A special car will leave from all the south part of the county and be there.

Send Brisco's Bureau to your friends.

WARRANTY DEEDS.—Among the warranty deeds recorded yesterday were the following: T. Kirkwood Sr. to W. B. Dudley, $4,000, part of lot 2, block 1, Libby; Maud Lillian Taylor to Frances J. Davis, $5,500, part of lot 5, G. H. Stewart's sub-division; William C. Jackson to James T. Hooper, $5,000, a strip of land in township 12 south of range 64 west.

NORTH END W. C. T. U.—The North End W. C. T. U. will hold a meeting at the home of Mrs. Parry, 31 North Weber street, Saturday afternoon, at 3 o'clock.

The Reverend Christian Advocate, D. D. Gloss, will give the principal address. Special music has been prepared and a good audience is desired. Every one cordially welcome.

Will Brisco's (Denver) Bureau.

CEASE AND DESIST.—A copy of the [illegible] township 12, in the oil district, John W. Peng to James P. Sanford, was filed yesterday in the office of the county clerk.

of the agreement the lease lets and Mr. Peng remains in case paying on [illegible] on the property. The company purchase the property outright in eight months for $12,500.

ARTISTIC.—The members of the Ramblers 10th will meet at the A. M. C. A. rooms at 8 o'clock this afternoon for their weekly walk. The afternoon will take them to the Garden of the Gods, up North Cheyenne canon and will be about four miles and return. The party will be in charge of Dr. Hall, who will direct the members in correct methods of walking and in deep breathing, and young men who are interested are invited to take part in the tramp.

BAD DEBTS.—At a meeting of the Woman's Literary board of the Woman's Literary club yesterday it was decided to settle the dispute over the room in the W. C. T. U. building which is now occupied by the library but which is leased to Mr. Nagel. The library says it cannot get out now and asks to pay the increased rent per month. Mr. Nieberwall's lease began [illegible] his stock in trade. The interested parties met, but no compromise could be reached and the matter settled outside the courts. Meanwhile the library board is hunting a room to be used temporarily.

Skin Beautifier

The best method of producing a fine, soft, delicate skin is to use good soap. Not the kind that claims nothing to recommend it, but a fancy box or wrapper, but ABSOLUTELY PURE, high grade, perfumed soap.

PINE ARTS SOAP

Is undoubtedly a soap of the highest grade. Give it one trial. Three cakes 25c.

VALUE IN POCKETBOOKS

It is there before a single coin is put in by the purchaser. It was bought there by the maker of the goods, and it is of such value as will please, in durability and elegance of appearance. We are now showing a very large and well-assorted line of Pocketbooks and Purses, and are making exceptionally low prices for the entire line.

KORSMEYER & BEESON,
Druggists.

Graduate of the Philadelphia Dental College.

RINGS AND THINGS FOR BABY

Baby rings in flat and oval, light weight, not clumsy nor heavy.

Long time it was thought he who first placed a ring on baby's finger was to be rewarded with gold luck for a twelvemonth.

Go calling for the baby. Don't mail the cards when baby is to be followed with good fortune.
